VOLUME 26.

Kelowna, British Columbia, Thursday, October 3rd, 1929

NUMBER 8

## COGENT REASONS FOR BUYING B. C. PRODUCTS

Consistent Preference For Home-Produced Articles Will Spell Prosperity For Province

The importance of residents of British Columbia buying B.C. products was outlined in a letter from Mr. L. T. Champion, manager of the B.C. Products Bureau, of Vancouver, which was read at a recent meeting of the Women's Co-operative Guild, Revelstoke, when British Columbia products were featured. The following is an extract taken from the letter, which was published in full in the Revelstoke Review:

"On behalf of the members of the B. C. Products Bureau of the Vancouver Board of Trade, I thank you for the fine spirit of loyalty shown by your Guild in dedicating this meeting to 'B. C. Products.'"

"During the past eight years our Bureau has carried on a continuous campaign for the purpose of arousing an interest in the products of this, our own province; and we take credit for no small share in the recent industrial expansion. But the victory has not yet been won, although, with the help of organizations such as yours, success is drawing ever nearer."

"To our Bureau your interest is especially gratifying. The co-operative spirit emphasized by your Society may well be adopted by the entire province; for the prosperity of one section must of necessity, react upon every other. Our ever-widening industrial life must be co-operative, in order to attain complete development."

"Although a branch of a Vancouver body, we do not intend to limit our activities to our own district, but endeavour to include all British Columbia within our scope. And, being better equipped financially than in previous years, we are in a position to advertise our 'idea' more widely, and to send representatives to the various cities and towns in our province, to study their development and investigate the latent possibilities in the industrial field."

"British Columbia products must not be understood to apply only to the products of Vancouver, manufacturers to something in a can or carton. The term includes everything that British Columbia yields—the harvest of forest, field and stream, and the articles made by craftsmen anywhere in the province."

"We must cultivate a loyalty to all things local and national, a pride in our resources and achievements, and a determination to place our province and Dominion on a firm industrial basis."

**Natural Resources Abundant**  
"Nature has been lavish in supplying us with natural resources: vast forests of the finest timber; hills abounding in mineral wealth; lakes and rivers teeming with fish; pasture-lands where

(Continued on page 5)

## "NOBBY" CLARK IS VICTIM OF COLLISION

Encounter Between Two Trucks Results In Injuries To One Driver

Proceeding south on Richter Street on Friday last at 10:45 a.m., a Chevrolet truck driven by Mr. W. Moebes crashed into a light Ford truck driven by Mr. "Nobby" Clark, overturning the Ford and injuring the occupant. Mr. Clark, who sustained painful injuries to one leg and bruises about the body, was taken to the Kelowna General Hospital, where he remained for a few days.

"The Ford truck came out of a lane opening on Richter Street south from the rear of Cadder Avenue as the vehicle driven by Mr. Moebes came down Richter Street. The Chevrolet swerved to the left when the Ford was sighted, but apparently the collision could not be avoided. The Ford was badly damaged and the front of the Chevrolet also suffered from the impact. Mr. Moebes assisted the injured man following the accident."

In his report of the accident, Mr. Moebes stated that he applied his brakes when the Ford loomed in front of him, and Mr. Clark stated that in his opinion there was ample room for the Chevrolet truck to pass without collision.

## ARTHUR HENDERSON HAS COMPLACENT AUDIENCE

BRIGHTON, England, Oct. 3.—Rt. Hon. Arthur Henderson, Secretary for Foreign Affairs, had comparatively smooth sailing when placing his extensive review of the Government's achievements before the Labour Party conference here yesterday. He dealt with the whole range of foreign affairs, including the Hague conference, the Geneva meeting of the League of Nations, the evacuation of the Rhineland and at great length with the disarmament question, concerning which he made the earnest plea: "Why not make this a disarmament year?"

## COLD STORAGE FACILITIES INVALUABLE

Much Benefit Derived In Handling Soft Fruit—Experiments With Apples Now Under Way

Cold storage facilities at the Kelowna Growers' Exchange have proved invaluable in the handling and packing of fruit this season, particularly stone fruit such as cherries, but, as it is felt that all their possibilities have not yet been discovered, experiments are now being made with the later varieties of apples to ascertain to what extent they are affected by cold storage conditions. The experiments are being conducted by Mr. W. Sanford Evans, the Commissioner appointed by the provincial government to enquire into the production, marketing, handling and transportation of fruit in the Okanagan Valley, and Mr. R. C. Palmer, of the Summerland Experimental Station.

The Associated Growers are placing a car of fruit in cold storage at Vernon and Pentecost, while Sales Service, Ltd., are assembling a car at the K.G.E. cold storage plant. Each car will contain two hundred boxes of McIntosh Reds, two hundred boxes of Jonathans, two hundred of Yellow Newtowns and two hundred of Delicious. At each point the apples will be placed in cold storage forty-eight hours after they have been harvested, and when the required amount of each variety has been assembled they will be shipped to cold storage headquarters at New Westminster, where it will be determined which fruit has stood up the best under conditions encountered at the three valley centres. It is expected that the Kelowna carload will be ready for shipment about the middle of this month.

The McIntosh rush is over, this variety having been cleaned up at the Kelowna packing house of the K.G.E. on Monday. The run-on-Macs finished at the East Kelowna packing house on Tuesday, and it was expected that the last of the popular variety would be handled at the Rutland house of the K.G.E. today. Considerably less were handled this season than last. Jonathans are now providing the greatest activity.

## NO LARGE BAGS OF BIRDS REPORTED

Sportsmen Enjoy Fair Share Of Luck, Nevertheless

Although no large bags of game birds have as yet been reported, the shooting season is providing its share of sport. Mr. P. Nicholson and party found grouse fairly plentiful in the vicinity of Chute Lake over the week-end, while Mr. R. Haldane shot two large Canadian geese on the Okanagan on Tuesday.

Messrs. Charles Gaddes, E. R. Bailey, J. Lyell, Kenneth McLaren and Dr. Campbell left on Sunday last for the Kootenay, where they will hunt ducks, geese and elk.

Mr. Charles Hawes and party, consisting of Messrs. Hugh Kennedy, O. L. Jones, W. R. Laws and others, are leaving today for the Hamilton Range, where they will hunt ducks and geese.

## NEWSPAPER MEN ELECT OFFICERS

Mr. W. A. Elletson, publisher of the Rossland Miner, was elected president of the B. C. and Yukon Press Association at the concluding session of the Association at Chilliwack on Saturday. He succeeds Mr. J. H. Mohr, of the Revelstoke Review. Other officers elected were: F. F. Payne, Nelson, First Vice-President; C. A. Barber, Chilliwack, Second Vice-President; T. Collinge, Ladysmith; L. P. Sullivan, Cranbrook; J. W. Wright, Vancouver; H. S. Jamieson, Armstrong; and P. Campbell, Salmon Arm, Directors.

Mr. H. M. Walker, editor of the Okanagan Commoner, was re-elected secretary.

## EXPRESS TRAIN KILLS FIVE MEN IN CLOSED CAR

WARREN, N.H., Oct. 3.—Five men, field workers for the New England Power Company, met instant death at Warren Village, on a grade crossing of the Boston and Maine Railway, early today, when their closed automobile was demolished by the Red Wing express, en route from Boston to Montreal.

## JAPANESE MINISTER SAILS FOR CANADA

TOKYO, Oct. 3.—Iyemasa Tokugawa, Japan's first Minister to Canada, sailed from Japan today to take up his duties in Ottawa. Before sailing, the Minister said that a most cordial bond had always united Canada and Japan. Now, however, the affairs of the Pacific made it important that there be the closest co-operation between the two countries, not only in their own interests but in the interests of the peace of the world.

## AUTUMN WEATHER AT ITS BEST FOR THIRTY-THIRD ANNUAL FALL FAIR

SUNNY SKIES AND PLEASANT TEMPERATURE—GENERAL INCREASE IN NUMBER OF EXHIBITS IN MOST DIVISIONS AS COMPARED WITH LAST YEAR, PARTICULARLY IN LIVE STOCK AND POULTRY

For the second consecutive year the weather has been most kind to Kelowna's Annual Fall Fair. There is always an element of risk attaching to the event, when held so late in the season, as conditions are apt to be uncertain and raw and chilly days have a disastrous effect upon the gate receipts, but on Tuesday and Wednesday the sun shone down from a cloudless sky and the temperature was that of late spring, pleasantly warm without intense heat.

### No Formal Opening

Last year the Fair was opened by His Honour the Lieutenant-Governor, but there was no initial ceremony on Tuesday. Judging was carried on all morning and the buildings were not opened to the general public until the afternoon. The attendance on Tuesday was small, but it was fairly satisfactory on Wednesday, due largely to the fact that a civic half-holiday had been proclaimed. It was a dangerous experiment to break away from the established practice of many years of including Thursday as one of the days of the show, as it is undoubtedly disturbing to business to upset the customary routine of the half-holiday, and it would seem advisable to revert next year to the Wednesday and Thursday dates, if arrangements can be made for the attendance of judges.

### Increase In Exhibits

Owing to the strenuous efforts of President Wadsworth, Managing Director, seconded by his fellow directors of the Kelowna Fair Association and the energetic Secretary, Mr. H. C. Francis, farmers were stirred to take greater interest in the Fair this year, with the gratifying result that there was an increase of entries in many of the divisions, particularly in live stock and poultry, and the show was better balanced all round and more representative of agriculture as a whole than of special branches such as horticulture.

### Main Building

It is a great pity that the district fruit exhibits, which at one time were the chief glory of the main building, have disappeared, as they used to form the most spectacular and attractive feature on the floor, affording, also, a wonderfully representative display of the varied resources of the valley. Competition having waned to the vanishing point, no provision was made in the prize list this year for district exhibits, but it is to be hoped that they may be revived as a feature of future Fairs.

### Vegetables And Field Produce

Two of the staple field products of the Kelowna district were much to the fore in the vegetable display, competition being greatly intensified by the generous special prizes offered by the Canadian Bag Co., for which forty bags of potatoes and twenty-five sacks of onions were entered, occupying a considerable space immediately left of the main entrance. Tables in the centre displayed about the usual quantity of tomatoes, carrots, parsnips and other garden and field vegetables, the quality of which compared very favourably with that of other years.

### Flowers

The floral exhibits occupied centre tables at the east end of the hall. They were considerably diminished in number this year, owing to the nipping effects of slight early frosts, but their beauty suffered little by the fact that they were gathered in October. Amongst the exhibits were noted gladioli, dahlias, pansies, carnations, petunias, zinnias, sweet peas, salpiglossis, asters, roses, collections of annuals and pot plants.

### Fruit

Shown as usual in the north gallery, the fruit exhibits displayed richness of colour more in keeping with the traditions of the Okanagan than was the case last year, and the specimens were of splendid quality. The shelves were far from crowded and about double the number of exhibits could have been accommodated in the available space, but it seems impossible to induce growers to exhibit to the same extent as in the early days of the fruit industry, when interest in competition and the securing of honours at the Fair was much keen-

er. Only six boxes of apples were entered for competition, although that number constitutes an improvement on last year, when there were only three. All the leading varieties were represented in the plates, many of which were a real feast for the eyes, so perfect was the shape of the fruit and its depth of colouring. Grapes, peaches and crab-apples were far from adequately represented, but there was a good showing of pears, with thirty-one plates, while there were fourteen plates of plums and primes.

### Fancy Work And Domestic Economy

The east gallery showed the customary attractive display of fancy work and appetizing array of cakes, buns, cookies, bread, preserves, pickles, confectionery and other products of the home kitchen. A very interesting feature, showing possibilities of great development, was a collection of pure fruit confectionery, coloured with fruit juices only, including cherries, rhubarb, apples, greenages, pears and apricots, especially prepared and packed in glass jars by Mrs. Ira L. Howlett, of Westbank.

### School Work

Adjoining the fruit, at the east end of the north gallery, was shown exhibits of school work, posters and handicrafts, the latter including neatly made tables, a chest and handy tea wagon. Two cleverly constructed models, a racing cutter under full canvas, by D. Lucas, and a motor cruiser, by Michael Reed, were the cynosure of covetous looks by juvenile eyes.

### Eggs, Dairy Produce And Honey

Eggs, butter and honey were exhibited on a table in the centre of the hall, but the number of entries was pitifully inadequate to give real representation of the quantity of these products produced in the valley, and this branch of the Fair would seem to require stimulation of interest.

### Poultry

Last year the exhibits of poultry showed a large falling-off as compared with 1926, but it is encouraging to record that there was a distinct revival of interest this year by breeders, with the result that about eighty more birds were entered than at the 1928 Fair. Plymouth Rocks led apparently in numbers, but Leghorns and other popular breeds were well represented. There were fifteen exhibits of rabbits, including eight of beautiful Chinchillas, which were much admired.

### Live Stock

All departments of live stock showed a distinct increase in exhibits, horses, cattle, sheep and swine being represented. A lesson to other exhibitors in making their display attractive was conveyed by W. R. Barlee & Son, of "Greenmeadows" Ranch, who decorated their shed in Holstein colours, black and white, and displayed many ribbons gained at the North Okanagan Fall Fair and other exhibitions.

## BEAVER LAKE ATTRACTS ANGLERS

But Shortage Of Boats Proves Disappointing To Many

No less than fourteen cars were seen at Beaver Lake on Sunday last, when a number of parties journeyed to the hunting and fishing grounds recently opened up by Mr. Archie Clark, of Winfield. Owing to the lamentable fact that only four boats were available from which to fish, many anglers were disappointed. Apparently, more and better boats are needed at Beaver Lake if it is to maintain its popularity. Fortunately, several of those who had planned to fish had their guns along, which enabled them to find sport in the hunting line.

Those who were successful in procuring a boat, however, found the fishing good. Mrs. J. B. Spurrier, after a forty-minute fight, captured a 7½-pound beauty, and Mr. Jack Cameron took three nice ones out of the lake, the largest of which weighed six pounds.

Messrs. Charles DeMara, Bert Johnson and Ed. Taylor, fishing at Chute Lake over the week-end, caught in the neighbourhood of thirty-five trout, while Miss Woodworth and party had very good luck casting with the fly.

### Commercial Exhibits

While it was regrettable that the space in the hall formerly occupied by district exhibits had to be devoted to other purposes, the commercial and educational displays that took their place had many features of interest.

The Women's Institutes showed a collection of home industrial work, including some beautifully wrought quilts, mats and cushions, knitted goods, gloves and fancy articles, and adjoining, under their auspices, was an informative exhibit in reference to the work of the Provincial Health Clinic.

C. W. Cope, electrician, exhibited Radiola radios and the Easy Vacuum Washer in the regular and new wringer models, demonstrated by Mr. Dockstader.

A large booth on the north side of the hall was occupied by the Kelowna Furniture Co., who showed fine furniture, beds, Victor Radio-Electrolas and a very attractive line of upholstered goods, manufactured in their own workshop.

J. F. Fumerton & Co. displayed a fall showing of seasonal coats and dresses, many of them fur-trimmed.

The booth of Fernie Bros., electricians, contained electric ranges, a vacuum cleaner, Kelvinator electric refrigerator, electric ironer, Maytag washing machine and various other electrically-operated appliances.

The north-west corner of the main floor was used by the Kelowna Women's Institute as a lunch room, where they served refreshments at reasonable prices.

In the south-east corner was a very attractive display of nuts, both fresh and preserved, by the Rosefield Nut Nursery, Gellatly, which showed the wide range of nuts that can be grown in the Okanagan, including English, black and Franquette walnuts, hazel

(Continued on Page 4)

## BREAKS ARM FOUR TIMES IN EIGHT MONTHS

Ten-Year-Old Lad Adds Another To String Of Misfortunes

Albert Atherton, 10-year-old son of Mr. F. Atherton, Fuller Avenue, sustained a fourth fracture of one arm within a period of eight months on Monday at 1 p.m., when he was thrown off the running board of Conklin & Garrett's "music truck" while stealing a ride, in company with another youth. No blame was attached to the driver, Mr. W. Moham, who, witnesses stated, was not aware of the presence of the boys on the running board. Going north on Ellis Street at 10 miles per hour, the Conklin & Garrett car stopped in front of Brown's Garage to take on a passenger, starting again almost immediately, when the Atherton youth was thrown to the street. He was taken home at once and was later sent to the Hospital for attention.

Mr. Atherton stated that, in view of the fact that his son had met with numerous accidents, he had been repeatedly warned to be careful. Although the Conklin & Garrett driver was in no way responsible for the accident, Mr. Conklin gave the boy's father \$25, a voluntary contribution.

## WORD BY RADIO EXPECTED OF FLYING SEARCHERS

WINNIPEG, Man., Oct. 3.—Out of the northern darkness radio messages today should tell of the bravery of the flying searchers venturing on the trail of the eight lost explorers. When reception improves operators will listen for reports from Bathurst, within the Arctic Circle, and from Baker Lake, three hundred miles inland from the west coast of Hudson Bay.

As dusk gathered over the Barrens last night, a flash from Fort Resolution described the start of an 800-mile dash north by "Punch" Dickens. After speeding at dawn from Fort Smith, on the southern border of the North-West Territories, to Resolution, Dickens hoped off immediately for Fort Reliance. From that post on the east end of Great Slave Lake he planned to fly north to Bathurst.

Four other planes were in the air yesterday and today. If all is well, two planes will be at Baker Lake and two others, carrying hopes for the safety of the lost miners, will have landed at Bathurst's distant inlet.

## GERMAN FOREIGN MINISTER IS DEAD

Gustav Stresemann, One Of Foremost Statesmen Of Post-War Europe, Passes Suddenly

BERLIN, Oct. 3.—Foreign Minister Gustav Stresemann died suddenly here today.

Dr. Stresemann had been in ill health for months, but recently he had so far recovered as to be able to participate in the arduous conference at The Hague on reparations and to attend the Assembly of the League of Nations at Geneva.

Dr. Stresemann was one of the foremost statesmen of post-war Europe, and with Aristide Briand, French Premier and Foreign Minister, was considered one of the most active of the world's peace workers. He was President of the German People's Party, a member of the Reichstag, a former Chancellor of the German Republic and was the most widely known member of the present cabinet headed by Chancellor Mueller.

Death came at 5:25 this morning as the result of a heart attack after a stroke of paralysis.

## MINISTER OF WORKS BAGS BIG BULL MOOSE

BARKERVILLE, B. C., Oct. 3.—While his party slept, Hon. N. S. Loughheed, Minister of Public Works, shot a big bull moose within an hour's distance from here, near Cotton Wood House, before the early-morning mist had lifted. He is on a tour of Cariboo and the Interior.

## CYCLONIC WINS NEWMARKET JOCKEY CLUB STAKES

NEWMARKET, Eng., Oct. 3.—Cyclonic, by Harry On, owned by Major J. Courtauld, won the Jockey Club stakes here today. Lord Derby's Bosworth was second, a short head behind. R. Walker's Plymouth Hoe was third. Eight ran. The betting on Cyclonic was 100 to 30, even on Bosworth and 33 to 1 on Plymouth Hoe.

## RUSSIAN PLANE LEAVES SITKA FOR SEATTLE

SITKA, Alaska, Oct. 3.—The Russian monoplane "Land of the Soviets" took off at 6:42 a.m., Pacific standard time, today for Seattle. The Soviet airmen expected to fly by the Outside Passage to Seattle and to reach there within nine hours.

The Russians, en route from Moscow to New York, after their flight over the North Pacific by way of the Aleutian Islands, arrived at Sitka on Sunday. They had expected to take off yesterday, but a leaky oil line postponed the flight.

Visibility over today's route was believed to be poor, with fog hanging low and rain in prospect for a large part of the way.

## GIRL WITNESS AGAINST PANTAGES COLLAPSES

LOS ANGELES, Oct. 3.—Eunice Pringle, the State principal witness in the trial of a statutory charge against Alexander Pantages, collapsed at her home here today, just before presentation of evidence against the theatrical magnate was scheduled to commence. Attending physicians said she was in a highly nervous condition but thought she would be able to take the witness stand.

## ABNORMAL RAINFALL FLOODS THE CAROLINAS

CHARLOTTE, N.C., Oct. 3.—Two small dams are known to have been washed away, railway tracks were inundated, highways were closed and hundreds of acres of farm land flooded as the result of almost unprecedented rainfall in the two Carolinas during the past two days. One life was lost, a negro boy being killed when a tornado struck the village of Blackville, S.C.

## TRIAL TRIP WILL SOON TELL TRUTH ABOUT R-101

LONDON, Oct. 3.—Whether Britain's latest and greatest airship, the R-101, is fully up to expectations, or whether the doubts already voiced about her capabilities are well founded, will probably be known in part, at least, in a very few days. The R-101 was to have started her trial flights today but weather conditions will prevent them for at least seventy-two hours.

## BADMINTON CLUB GETS READY FOR SEASON

Mr. A. E. Hill Is New President—Play To Commence On Thursday Next, October 10th

Thirty-five members attended the annual general meeting of the Kelowna Badminton Club, in the Badminton Hall, on Friday, September 27th, at 8 p.m. The President, Mr. H. G. M. Gardner, occupied the chair.

### Report Of President

The report of the President upon the past season showed that it had been a very successful one. Out of fifteen matches played with outside clubs, eleven had been won. The open championships tournament, which players from the Coast and other outside points competed, was a conspicuous success, with local players taking a fair share of the honours. Visiting competitors commented very favourably upon the Badminton Hall.

Mr. Gardner mentioned various members of the Club who had given up a great deal of time to forward its interests, returning thanks especially to Mrs. Taylor for her coaching of the children on Saturday mornings.

Referring to the financial position of the Club, the President gave it as his opinion that it would be necessary to take some steps this year to place it upon a more satisfactory footing.

After the Secretary-Treasurer, Mr. R. Seale, had read his report, which was duly adopted, Mr. O. St. P. Aitkens paid a high tribute to Mr. Gardner for his work as President and said it was regretted by all members that he was not to stand for office again. Mr. Aitkens also congratulated the members of last season's Committee upon the manner in which they had carried out their duties, especially the Match Committee, who had done their best to distribute match play amongst as many members as possible.

### Election Of Officers

Election of officers for the ensuing season resulted in choice of the following by unanimous vote: President, Mr. A. E. Hill; Vice-President, Mr. H. C. Mangin; Secretary-Treasurer, Mr. R. Seale, re-elected. As the result of a ballot, the membership of the Committee will be composed of Mrs. Claude Taylor, Miss F. Whitworth and Messrs. L. G. Butler, F. W. Fridham and A. J. Cameron.

Assuming the duties of the chair, the newly elected President, in a happily phrased speech, thanked the members for the honour conferred upon him, emphasizing that he had a difficult task to fill adequately the place of the retiring President. However, with the members pulling together and assisting the newly elected Committee as much as possible, he felt that there was no reason why the Club should not continue to thrive. "Let us all get down and pull together," concluded Mr. Hill.

### No Entry Fee This Season

A lengthy discussion took place as to whether it would be advisable to dispense with the entry fee until such time as the membership strength shall have been brought up to the number originally decided upon in order to finance the building of the Hall and carry on the Club satisfactorily. Various suggestions were brought forward, but finally, on a show of hands being taken, the proposal to withdraw the entrance fee for this season was carried.

### Play To Begin On October 10th

The opening day for play was set for Thursday, October 10th. As some misapprehension appeared to be entertained by several members that the courts would be overcrowded on certain days, the Committee was requested to take under consideration the advisability of increasing the number of sessions for play, and, if necessary, of limiting the play of juniors to certain stated times.

After transaction of other business of minor importance, the meeting came to a close. If any new members wish to play, it would be advisable for them to get in touch with the Honorary Secretary, Mr. R. Seale, at once, as only a limited number will be eligible to join without an entry fee.

## FRUIT PRICES IN AMERICAN OKANAGAN

Delicious And Winter Banana Fetch Good Figures

According to a dispatch from Okanagan, Wash., winter apples of the best varieties are fetching good prices in that section.

The first car of Delicious to leave the Okanagan Valley this season was shipped from Oroville last week by the Oroville Fruit Exchange. It consisted of a combination pack of Extra Fancy and Fancy, and is reported to have been priced at \$2.75 for sizes 150 and larger.

According to a bulletin issued by the Wenatchee-Okanagan Shippers' Council, buyers are paying \$1.75 for Extra Fancy Jonathan, \$1.50 for Fancy and \$1.25 for C grade.

One car of Winesaps, Extra Fancy and Fancy, fetched \$1.75 and \$1.50. Top price was obtained by a combination pack car of Winter Bananas, sizes 150 and larger bringing \$2.65.

Personality is the quality that enables you to hold Willie's respect after he discovers how dumb you are in arithmetic.

## BOY SCOUT COLUMN

1st Kelowna Troop  
Troop First! Self Last!  
Edited by "Pioneer"

1st October, 1929.  
Orders for week ending 10th October, 1929:

Duties: Orderly Patrol for week, Beavers, next for duty, Wolves.

Rallies: The Troop will rally in uniform at the Scout Hall on Monday, the 7th instant, at 7.15 p.m., and basketball practices will be held on the Friday previous at 4 p.m., and at 7.15 p.m. The latter practice will be for all the Patrol Leaders and Scouts along with the following Scouts: C. Stone, A. Williams, F. Tharby and M. Young. All the other Scouts in the Troop will practise at 4 in the afternoon. The Patrol Leader of the Orderly Patrol for the week will be in charge of the afternoon practice.

Height, weight and chest measurements were taken last night, and we wish to thank Messrs. P. B. Willis & Co., for the loan of their scales. Unfortunately there were about a dozen absentees who will therefore not have their measurements for this year. Second Allan Poole leads in all three measurements: Height, 6 feet; weight, 164½ pounds, and 4-18 inches chest expansion. P.L. Harry Anderson comes second in the latter with 4 inches and P.L. Herbert Aitken, Second Jim Treadgold and Scout Charlie Dore all tie for third with 3½ inches. P.L. Bob Morrison is the second tallest in the Troop, with 5 feet 11½ inches, followed by Second Howard Ryan with 5 feet 10½ inches. P.L. Morrison is also the second heaviest, touching the scales at 157-18 pounds, closely followed by Second David Campbell, with 151¾ pounds. Second Campbell is only 15 years old, as is also Second Allan Poole, so apples are not the only thing which our far famed Valley can grow. We have the measurements for every year since 1923 inclusive.

The attendance, etc., points last night were: Owls, 66; Beavers, 60; Wolves, 45; Otters, 35; Eagles, 34, and Cougars, 33. The Eagles lost 2 for falling in last, 10 for absence without leave of their P.L. and 5 for their Second being likewise. The Cougars lost 5 for no report on Friday. This leaves the standing as follows: Owls, 190; Beavers, 145; Cougars, 114; Eagles, 108; Wolves, 91, and Otters, 80. Next Monday's rally being the first in the month, calls for uniforms being worn, so failure to wear them will result in zero marks for conduct as well as neatness.

The winners of our last entertainment ticket selling contest were given out last night as follows: 1st, P.L. Anderson, who sold \$13.00; 2nd, P.L. Bill Cross, \$11.25; 3rd, Second Bill Gaddes and Scout Basil Walker, \$10 each; 4th, P.L. George Dunn, and 5th, Scout Malcolm Chapin and P.L. Ted Dodd, with \$6.25 each.

## WOLF CUB NOTES

1st Kelowna Pack  
"Do Your Best"

The Pack will parade at the Scout Hall on Wednesday, October 9th, at 7 p.m.

All ranks must attend, as we are making up our Sixes to full strength. Several Sixers were absent from parades lately. Sixers, you must attend or new ones will be appointed to take your places.

We are forming a Cub Pack football team, so get yourselves in form for a game to be arranged with Rutland Pack.

R. GARDNER, C.M.

## SEA CADETS

"Keep Watch"

Instruction at the last parade was preceded by "muster by Open List," each member of the corps being called out in turn by his number, and reporting his rating, age, watch, good conduct badges, instructional qualifications and ability to swim. The rifle squad was instructed in small arms drill, signal squad in semaphore, probationers in compass work, and the remainder in lead-line.

The following have qualified in various subjects of instruction:—  
Compass: Leading Cadet Garbutt, 78%; Leading Cadet Brunette, 84%; Cadet Abbott, 94%; Cadet Gore, 93%. Semaphore (standard of sixty letters a minute, sending and receiving): Cadet Gore, 95%; Cadet Abbott, 83%. Knots: Cadet Carruthers, 77%.

Good Conduct Badges

The following awards of Good Conduct Badges have been granted:—  
First Year Cadets: Cadet D. Buckley, March 5th; Cadet Bowser, April 23rd. Second Year Cadets: Cadets Gore and Abbott, both August 14th; Leading Cadet Brunette, August 21st.

Promotions

Leading Cadet Garbutt to Acting Petty Officer, to date October 1st. Acting Leading Cadet Brunette confirmed in rating, to date July 1st. Cadet Gore to Acting Leading Cadet, to date September 30th. Cadet Lloyd-Jones to Acting Leading Cadet, to date October 1st.

Signal Classes

Voluntary classes in semaphore and Morse at the house of the C.O. on Thursday, October 3rd, at 4.15 p.m.; also Saturday, October 5th, at 9 a.m. (Leading Cadet Gore in charge) and 4 p.m. Parade on Tuesday, October 8, will assemble at entrance to Park.

Commanding Officer,  
Co'y 1558, Kelowna Sea Cadet Corps—"Grenville."

The more you learn about people, the more you wonder why any of them feel superior to the others.

Betty: "I'm engaged now, Donald."

Donald: "Who's the lucky man?"

Betty: "The postmaster. So if you write to me don't use postcards!"

## APPOINTED COMMISSIONER

Dr. J. F. Booth, formerly Minister of Agriculture, who has returned to his native land to become Commissioner of Agricultural Economics for Canada.

## THE PRAIRIE FRUIT MARKET BULLETIN

Current Prices and Market Conditions  
(From the weekly Bulletin issued by J. A. Grant, Fruit Markets Commissioner, Calgary.)

Calgary, Sept. 28th, 1929.

### The Week In Calgary

The weather remains fair and cool. Snow is reported in surrounding districts. Threshing is well advanced. City business is only fair.

The outstanding feature is the demand for potatoes. This demand is general. Alberta potato growers booked several cars at last week's prices, but did not confirm, and now have withdrawn all quotations. Prices quoted from the Maritime provinces are equally as high, delivered, as the B. C. product.

Tomatoes are not improving in quality and the demand is slackening for any but prime stuff. Creston is now shipping Earlianas of large size, slightly green and slack flat pack. Many crates could be saved if the space was better utilized.

Prunes are cleaning up and there is now a good demand. Plums are dragging on well. The McIntosh-deal opened up sale and everybody is satisfied with it so far, prices are being well maintained. The Mac deal promises to go over successfully this year. Jonathan prices are now named and the trade expect to move them readily.

Peaches are arriving in volume both from Washington and B.C. The G. H. Hale has an edge on the Elberta for popularity even at a price ten cents higher. Local vegetables of hardy kind supply the bulk of the needs. Okanagan cabbage was raised in price this week. There is a good demand for cukes and all pickling products.

(Continued on page 3.)

## WESTBANK

A daughter arrived for Mr. and Mrs. C. Hasebe at Kelowna Hospital last week.

Miss Hilda Basham returned to Vancouver on Saturday to finish her training at the Infants' Hospital.

Mrs. George Kingsbury has returned home after an illness lasting three months, which she spent in Kelowna Hospital, and it is hoped that she will soon be quite strong again.

and Boussock, Flemish and some Claps Favourite and Clairgeau are now supplying the market.

Arrivals of peaches, prunes and plums are about over. Demand is slackening, and prices weaker. Rather heavy stocks of tomatoes are lying in the wholesales, and business is slow. All fruit is in plentiful supply.

Vegetable supplies are limited and prices firm. The potato market is the centre of interest. Buyers are finding it difficult to get potatoes to fill carlot orders. Growers are still digging and are anxious to get them up before starting to load cars, but the chief cause is the anticipation of a rising market.

During the night of the 25th-26th we got the first severe frost of the season, this would kill down the potato tops, but was not severe enough to affect the tubers.

Car arrivals from Sept. 19th to 25th—From B.C.: 4 cars fruit, 4 cars fruit and vegetables, 10 cars apples, 9 cars tomatoes for cannery. Imported: 1 car bananas, 1 car citrus, Cal.; 1 car fruit, Wash.; 2 cars grapes, Cal.; 1 car grapes, Wash.; 2 cars oranges, Cal.; 2 cars peaches, Wash.; 4 cars prunes, Wash.; 1 car lettuce, Cal.; 1 car onions, Spain.

Regina

The weather remains cool and dry. Business continues fair.

Wealthies are cleaning up and McIntosh Reds have arrived showing fairly good colour for first receipts.

Several cars of B.C. potatoes arriving recently were running heavy to soft rot which had the appearance of having developed from some disease necessitating reconditioning before offering for sale.

There appears to be a falling off in the matter of home canning of fruit as compared with former years. A few years ago the larder would not be considered complete without a good supply of home canned fruit and vegetables sufficient to last a year or more. In this connection the services of women's organizations might be enlisted in reviving what may soon become a lost art.

## WATER NOTICE

(Storage)

TAKE NOTICE that Axel Eutin, Geo. White, C. A. Campbell et al., whose address is Rutland, B. C., will apply for a licence for the storage of 300 acre-feet of water out of Mission Creek, which flows westerly and drains into Okanagan Lake, about Section 6, Tp. 26.

The storage-dam will be located at Crescent Lake. The capacity of the reservoir to be created is about 300 acre-feet, and it will flood about 5 acres of land. The water will be diverted from the stream at a point described as Intake "M", Map 8404, and will be used for irrigation purpose upon the land described as part of the West half of Section 23 and part of the North-East quarter of Section 22, Tp. 26, Osoyoos Division of Yale District.

The licence applied for is to supplement a right to take and use water as per Final Licences 3778-4229 and part Final Licence 6183.

This notice was posted on the ground on the 16th day of September, 1929.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first publication of this notice is September 19th, 1929.

ALEX EUTIN,  
GEO. WHITE,  
C. A. CAMPBELL,  
et al.,  
Applicants.  
By M. C. NEAVE, Secretary.

St. Peter was interviewing the fair damsel at the pearly gate. "Did you, while on earth," he asked, "indulge in necking, petting, smoking, drinking or dancing?" "Never!" she retorted emphatically. "Then why haven't you reported sooner?" said St. Peter. "You've been dead a long time!"

A largely attended meeting of the Chilliwack Board of Trade, held last week, endorsed a proposal of the Brod-

er Canning Co., Ltd., to establish a vegetable and fruit canning plant in Chilliwack, to operate next season. The meeting, which was comprised mainly of farmer members, also gave assurance of support in the matter of production of the commodities required by the cannery.

Movement is on foot to abolish all punctuation marks. Already some folks have a fine disregard for stop signals.

THE PRAIRIE FRUIT  
MARKET BULLETIN

(Continued from Page 2)

Virginia 3.50  
Head Lettuce, iceberg, crates, 4-5 7.50  
Cal.  
Car arrivals from Sept. 19th to 25th inclusive—From Ontario: 1 mixed fruit, 1 potatoes. From Alberta: 1 potatoes. From B.C.: 1 onions, 2 potatoes, 5 mixed fruit, 7 mixed vegetables, 7 apples. Imported: 1 pears, 1 onions, 1 grapes, 1 cranberries, 1 head lettuce, 1 mixed vegetables, 1 oranges, 2 mixed fruit, 3 prunes.

## Saskatoon

The weather has been bright and clear, but is dull and raining today. Harvesting is about finished and the crop has turned out fairly good, running about 15 to 25 bushels to the acre, of good grades.  
B.C. McIntosh have arrived and are a good colour; also the East meets the West here with Nova Scotia Gravensteins in barrels.  
There is a good inquiry for potatoes and some orders being placed for New Brunswick.

## Winnipeg

Business is quite brisk on this market, apples now being the heaviest commodity handled, bulk apples so far being the best sellers. These apples all come from British Columbia with the exception of one car from Ontario. B.C. McIntosh apples arrived yesterday, only about half the cars which were expected getting here on time, one railroad meeting with a mishap and not delivering. The McIntosh, however, are exceptionally nice and are being rapidly distributed.  
Considerable mixed fruit is being received from Ontario, consisting pretty much of plums, but there is a straight car of peaches from Ontario on track today.

Potatoes are in very light supply and all potatoes offered at the present moment are locally grown with the exception of a car of Ashcroft yesterday, which is selling at a premium.

There is a heavy supply of imported prunes on the market, also peaches, but the peaches are showing a very high percentage of waste and of course will have to be jobbed for what they will bring.

The first shipment of wheat to be made over the Hudson Bay Railway for trans-shipment by steamer from Churchill on the Hudson Bay is to be made this year by the Hudson's Bay Company, which for nearly 300 years has been a trading company in Canada. The shipment will consist of one ton of this year's crop and will be sent to England in sacks. It is expected that the Hudson Bay Railway will be ready for freight and passenger traffic next year.

## GREEK SETTLEMENT RAIDED BY ARABS

Twenty persons were reported killed and many injured when raiding Arabs attacked the Greek Orthodox Christian Settlement at Beisan, during the recent uprising in Palestine. The view above was taken exactly a week before the raid and shows scientists excavating ancient ruins at Beisan.

Later U. S. crop estimates of 1929 yield cut off 6 per cent from the August estimate, due to dry weather. Further downward estimates are likely to follow. It is now estimated 349,112,000 bushels for this year, against 464,433,000 bushels last year, and a 10-year average of 382,000,000 bushels; 1925 produced a record low yield of 320,915,000 bushels. The potato crop in the U.S. is 68.9 per cent of last year's crop. It is reported in New York that Canada has a good crop this year, and they expect heavy importations. The increase of duty from \$10.00 to \$18.00 per ton may not be made applicable to this year. Whether it is or not will not affect the West, this year, as potatoes are very scarce and importation from the East will be made in order to supply the prairie needs.  
Prince Edward Island has a crop some 65 per cent of last year's. The yield in New Brunswick is estimated between 7 and 8 tons per acre. Some growers in the Maritime provinces predict that potato prices will reach \$10

per 180-lb. barrel.  
B.C. potato growers, who have a good sample crop, should store a portion for spring delivery. Unless signs fail, prospects for a high price in March are good.

## Vancouver

Changeable weather has prevailed on the Coast during the past week.

The apple deal is now on in full force, McIntosh Reds being the premier variety on the market. The price is a little too high for a heavy movement to the consumer, but is perhaps justified by the supply available. There is a fairly good supply of Vancouver Island Kings, Gravensteins and Wealthies on the market which move out at somewhat lower prices than those asked for the Okanagan product.

There is a fairly good delivery of local Italian prunes coming in, which has considerably reduced imports which are much lower than in former years. Unfortunately the recent rains have split much of the local prunes and the price has suffered accordingly.  
Imports of peaches fell off considerably during the week, the bulk of arrivals being for cannery purposes. The B.C. supply was also light.

It is reported that about 600 Casaba melons are rolling to this market from Southern Okanagan. The arrival is awaited with interest, as it is rather unusual to receive Casabas in quantity from this source.

## AREA OF CANADA

Canada has 28 per cent of the area of the British Empire and is twice as large as 30 United Kingdoms or 18 Germanys. Canada is twice the size of British India, 18 times the size of France, and 33 times the size of Italy. Canada is almost as large in area as Europe.

Joseph had been sent to bed by his mother for using some profane language. When his father came home she sent him upstairs to punish the boy.

"I'll teach the young fellow to swear," he roared, and started up the stairs. He tripped on the top step and even his wife held her ears for a few moments.

"You'd better come down now," she called up after the air had cleared somewhat. "he's had enough for his first lesson."

## GIRL GUIDE NOTES

2nd Kelowna Company

"Ever Ready"  
The Company will rally at the Scout Hall on Tuesday, October 8th, at 7:15 sharp.

We were very pleased to see so many new applicants ready to join us when we rallied on Tuesday for the first time after the holiday season. We hope to have them all posted to our re-organized patrols by next Tuesday.

We were glad to welcome Brownies Norah Woods, Joan Jennens, Noreen Lewers, Kathleen Dunn and Ruth Dixon and are reserving a place for Brownies Mabel Swanson and Janet Craig. There were a number of our old Guides missing from our ranks. We need you every one, so be sure to be out with us next Tuesday.

## CHURCH NOTICES

PENTECOSTAL MEETINGS.—Orange Hall, Sundays, 3 p.m. and 7:30 p.m. Preacher, Brother J. Milina. You are invited to attend.

GUILD OF HEALTH.—Scripture Study for all interested in the subject of Spiritual Healing.

Subject for meditation: "Divine Supply."

St. John 6: 1-14, Gen. 45: 1-8, Exod. 16: 11-15, I. Kings 17: 1-6, John 6: 47-58, Philippians 4: 8-20, Hosea 14.

The question as to how God supplies all our legitimate needs is entirely from the fact that he does supply them. He may supply them directly or in some miraculous manner, or He may supply them indirectly through natural means. The necessity, however, of supplying our own needs, or of receiving them from the hands of others whose supply has been more abundant than ours has a tendency to obscure the Divine Giver altogether. We fail to realize that the raw materials of life are all furnished to begin with.

The modern girl would make a wonderful cook if she could find a kitchen run by a steering wheel.

Goodyear Tube Repair Kits take care of emergency repairs on the road. One may save you the price of a new casing and a lot of time and trouble. Come in three sizes—at low prices.

CHOSEN  
FOR THE WORLD FLIGHT  
OF THE GRAF ZEPPELIN

When the Graf Zeppelin sailed recently from Lakehurst, N. J. on its epoch-making flight around the world, it was equipped with a standard Kolster Radio of the same type selected by Commander Byrd for his expedition to the South Pole.

In selecting Kolster Radio, those in command of the Graf Zeppelin Flight made no mistake.

The passengers and crew of the Graf Zeppelin will enjoy Kolster reception as they fly over the countries of the world. Tens of thousands of Kolster dealers and owners in England, Scotland, Ireland, Canada and the United States join these famous Kolster owners in saying "Kolster is more than ever a fine set."

Kolster research and high standard of quality ensure the Kolster owner every modern radio advancement—as can be seen in Kolster's exclusive feature—the Selector Tuner.

Before you choose your radio visit a Kolster dealer and ask him to demonstrate the Kolster.

Dealers in all parts of Canada already report a growing preference for the new Kolster models—electric and battery.

The New Kolster is available in four All-Electric Models. Priced from \$225 and up, less tubes

There are two Battery Models. Priced from \$62.50 and up, less tubes

Telephone men  
proved  
friends in  
need.

When an automobile skid-  
ded and overturned on the  
highway near Prospect Lake,  
its driver, a Victoria lady,  
was severely cut and pinned  
down in the car. Bleeding  
profusely and unable to ex-  
tricate herself from the  
wreckage, she might have  
died had not a couple of  
telephone linemen come a-  
long.

One of the linemen admin-  
istered First Aid, while the  
other climbed a pole and  
used his test set to notify the  
victim's people in Victoria,  
who in turn arranged for  
medical assistance.

"I congratulate you on  
having men of this calibre in  
your organization," the lady's  
husband wrote later.

## THE KELOWNA COURIER AND Okanagan Orchardist.

Owned and Edited by  
G. C. ROSE

**SUBSCRIPTION RATES**  
(Strictly in Advance)  
To any address in the British Empire, \$2.50  
per year. To the United States and other  
foreign countries, \$3.00 per year.

The COURIER does not necessarily endorse  
the sentiments of any contributor's article.  
To ensure acceptance, all manuscripts should be  
legibly written on one side of the paper  
only. Typewritten copy is preferred.  
Amateur poetry is not published.

Letters to the editor will not be accepted for  
publication over a "nom de plume"; the writ-  
er's correct name must be appended.

Contributed matter received after Tuesday night  
will not be published until the following week.

**ADVERTISING RATES**  
Contract advertisers will please note that their  
contract calls for delivery of all changes of  
advertisement to The Courier Office by Mon-  
day night. This rule is in the mutual inter-  
est of patrons and publisher, to avoid con-  
gestion on Wednesday and Thursday and  
consequent night work, and to facilitate pub-  
lication of The Courier on time. Changes of  
contract advertisements will be accepted on  
Tuesday as an accommodation to an adver-  
tiser confronted with an emergency, but on  
no account on Wednesday for the following  
day's issue.

Transient and Contract Advertisements—Rates  
quoted on application.

Legal and Municipal Advertising—First inser-  
tion, 15 cents per line, each subsequent inser-  
tion, 10 cents per line.

Classified Advertisements—Such as For Sale,  
Lost, Found, Wanted, etc., under the heading  
"Want Ads." First insertion, 15 cents per  
line; each additional insertion, without change  
of matter, 10 cents per line. Minimum charge  
per week, 30 cents. Count five words to  
line.

Each initial and group of not more than five  
figures counts as a word.

If so desired, advertisers may have replies  
addressed to a box number, care of The  
Courier, and forwarded to their private ad-  
dress, or delivered on call at office. For this  
service, add 10 cents to cover postage or  
filing.

THURSDAY, OCTOBER 3rd, 1929

## AUTUMN WEATHER AT ITS BEST—FOR THIRTY. THIRD ANNUAL FALL FAIR

(Continued from Page 1)

nuts, filberts, Japanese heartnuts, chest-  
nuts, and almonds.

The Salmon Arm Nurseries showed  
fine specimens of the fruit of the Tur-  
ner All-Red Delicious apple, grown by  
them.

An extensive and valuable exhibit  
was that of the Entomological Branch,  
Provincial Department of Agriculture,  
which consisted of framed paintings,  
and also actual specimens of insects  
that attack forests, fruit, vegetable and  
garden crops and live stock. It merited  
close study by all engaged in any  
branch of agriculture.

Adjoining was a display, set up just  
inside the main entrance on the right  
side, illustrative of the preventive medi-  
cal work of the Kelowna Health Cen-  
tre. Specimens of bacilli in bottles were  
shown and models demonstrated the  
value of pasteurization of milk in spe-  
cial relation to prevention of the spread  
of diphtheria and typhoid germs.

Outside the hall, the B. McDonald  
Garage had a large exhibit under can-  
vas, including De Soto and Durant  
cars, Rogers Batteryless, Marconi and  
Stewart-Warner radios, the tent being  
equipped, as a rest room with comfort-  
able chairs and other furnishings from  
the stock of Jones & Tempest. Cletrac  
tractors and Rugby and International  
trucks were also shown.

The Orchard City Motors, Ltd., also  
had an exhibit under canvas of a Ford  
cabriolet and sedan and Majestic radio,  
while outside they had Gravelly and  
Vaughan motor cultivators and a Ford  
truck.

A Graham-Paige sedan was shown by  
Kelowna Motors, Ltd.

The Morrison Tractor & Equipment  
Co., Ltd., had a large tent with exhibits  
of three "Caterpillar" tractors, the Ten,  
Fifteen and Twenty, shown with  
plough and disc cultivator attachments.

### Dance

The Fair was brought to a conclusion  
with a successful dance, held in the  
Scout Hall last night, under the aus-  
pices of the Kelowna Fair Association.

### Amusement Features

All kinds of entertainment features  
were provided by the Conklin & Garrett  
All-Canadian Shows, whose attractions,  
housed in a quite extensive canvas  
town, received a liberal measure of pa-  
tronage.

### THE SPORTS

Yesterday afternoon's track and field  
sports brought to a fitting close Kel-  
owna's thirty-third annual Fall Fair.  
Weather conditions were ideal for out-  
door enjoyment, warm sunshine flood-  
ing the Exhibition Grounds to create a  
summer atmosphere. Although the  
sports were well attended, it is doubt-  
ful if the number of spectators reached  
last year's figures; certainly fewer peo-  
ple occupied the grandstand this year,  
but the fences on both sides of the  
track near the judges' stand were lined  
with humanity and a large number of  
automobiles skirted the track for a con-  
siderable distance.

The circus, as last year, drew a large  
crowd throughout the afternoon, and  
many who had not been privileged pre-  
viously to view the exhibits in the  
main building took advantage of the  
opportunity to do so.

The sports events, which were sched-  
uled to start at 1.30 o'clock, began on  
time and were concluded at 5.30, one

event only having been cancelled.  
There was little confusion in running  
them off, with the result that tent peg-  
ging, unlike last year, was finished be-  
fore darkness fell. School sports play-  
ed an important part in yesterday's pro-  
gramme, reducing the number of horse  
races usually, while the point-to-point  
race, a feature attraction at former Fall  
Fairs, was omitted.

In the school sports, which consist-  
ed of foot racing and jumping, teams  
from Vernon, Salmon Arm and Kelowna  
and district schools competed and  
much interest was centred round the  
outcome. Despite the fact that the  
track was not in good condition and  
was rough and slow, the foot races gen-  
erally were fairly fast, and good marks  
were established in the high and broad  
jump competitions. The Salmon Arm  
school athletes made a fine showing in  
a few of the events, providing stiff op-  
position for the Kelowna High and  
Public School teams, although the lat-  
ter won easily the majority of the com-  
petitions.

Mr. P. Atkinson served capably as  
announcer; Mr. B. T. Haverfield, Clerk  
of the Course, acted in his usual effi-  
cient manner; Mr. H. C. S. Collett and  
Mr. F. B. Lucas, official starters, hand-  
led their work to the satisfaction of all;  
Messrs. E. M. Carruthers, D. Chap-  
man and a number of teachers in the  
local schools supervised the school  
sports acceptably; and Major Lindsay  
Reed judged the tent pegging satisfac-  
torily. Major E. Hutton, of West Sum-  
merland, and Mr. M. Heron acted as  
judges in the horse racing events.

Detailed results follow:—  
50 yards Dash, boys under 12 years.  
Five entries.—1, Eric Mansfield; 2, Pat  
Murphy; 3, Lennie Roth. Time: 7 2-5  
secs.

50 yards Dash, girls under 12 years.  
Nine entries.—1, Kathleen Hall; 2,  
Marion Todd; 3, Maureen Carton.  
Time: 7 3-5 secs.

Quarter-mile open Horse Race: 1st  
prize, \$30; 2nd, \$10.—1, Gus Macdon-  
nell; 2, J. Lidstone. There were four  
entries in all, the winner crossing the  
finishing line several lengths in the lead  
of the nearest contender. No official  
time recorded.

75 yards Dash, girls, open. Twenty  
entries. Run in heats.—First heat:  
Brenda Carruthers; second heat, Bar-  
bara Emslie. Final: 1, Barbara Emslie;  
Barbara Emslie, Freida Dilworth and  
worth; 4, Marjory Vye, Salmon Arm.  
An interesting race, the finalists stag-  
ing an exciting finish. Time: 9 2-5 secs.

100 yards Dash, boys, open. Six en-  
tries.—1, Allan Poole; 2, G. Munro; 3,  
R. Guidi. Poole finished well in the  
lead to provide a good race. Time: 11  
secs.

Girls' Relay, 75 yards, open. Six  
teams entered, including Vernon, Sal-  
mon Arm, East Kelowna, Kelowna-Pu-  
blic School and two Kelowna High  
School teams.—1, Kelowna High School  
team composed of Brenda Carruthers,  
2, Brenda Carruthers; 3, Freida Dil-  
Mabel Jenkins; 2, Kelowna Public  
School; 3, Salmon Arm; 4, Kelowna  
High School. Time: 40 2-5 secs.

Local Half-mile Horse Race (owner  
or member of family up). 1st prize, \$15;  
2nd, tickets entitling the holder to  
twenty gallons of gas, presented by  
The A. J. Smith Garage Co., Ltd. Five  
entries.—1, Mr. McLure; 2, Gus Mac-  
donnell. The finish was close and ex-  
citing.

Boys' Relay, 220 yards, open. Three  
teams entered, including two Kelowna  
High School teams and a Salmon Arm  
four. Kelowna High School teams took  
first and second place, the winning  
team being composed of A. Poole, who  
established a good lead from the start,  
R. Guidi, G. Munro and H. Ryan.  
Time: 1 min., 32 3-5 secs.

100 yards dash, boys under 16. Six  
entered.—1, A. Poole; 2, G. Kennedy,  
Salmon Arm; 3, Freddie Burr. Good  
time was made, considering the condi-  
tion of the track; Poole established a

good lead and held it. Time: 11 secs.  
Sectional Tent Pegging. Acland  
Cup and miniature cup to winners.  
Three teams entered: Eldorado Ranch  
team, Basil Loyd's team and G. D.  
Cameron's team. Loyd's team won  
with a score of 28 points, Eldorado  
Ranch was second with 26 points,  
Cameron's team third with 24 points.  
This was a good exhibition, Major  
Loyd's team, made up of members of  
the B. C. Dragons, being conspicuous  
in speed and dressing. Major Loyd's  
team included Sgt.-Major Berard, Lieut.  
DeHart and Capt. Willan.

Pig sticking on horseback. 1st prize,  
\$8; 2nd, \$4; 3rd, \$3. Fifteen entries.  
Considerable difficulty was experienced  
in "sticking" the balloon attached to  
the dummy pig, only three being suc-  
cessful. The total amount of the prize  
money was divided evenly among Cecil  
Gale, A. Louis and Gordon Fisher.

Half-mile, boys' handicap, open. Only  
four entered.—1, David Garbutt; 2, H.  
Ryan; 3, Ted Beech, Salmon Arm.  
Garbutt, with a handicap of 25 yards,  
won quite easily in a very good race.  
Time: 2 mins., 16 4-5 secs.

Quarter-mile Horse Race, children  
under 16. 1st prize, \$7; 2nd, \$5; 3rd,  
\$3. Six entered.—1, Alfie Johns; 2, Joan  
Tallyour; 3, J. Yager. This was an ex-  
citing race with a close finish between  
the two leading horses.

Bending Race. 1st prize, presented by  
McGregor & Elliott, \$5; 2nd, \$3; 3rd,  
\$2. Twelve entries.—1, W. Thompson;  
2, Gordon Fisher; 3, Molly Gurnsey.  
W. Thompson, guiding his horse  
through the poles with comparative  
ease, had little difficulty in capturing  
first place.

Ladies' Half-mile Horse Race. 1st  
prize, \$10; 2nd, \$5. Four entries.—1,  
Gus Macdonnell's horse, Rose Afflick,  
jockey; 2, P. Crichton's horse. This was  
a good race, all getting away to a good  
start.

Half-mile open Horse Race. 1st prize,  
\$40; 2nd, \$10. Four entered. Both priz-  
es were won by horses owned by Gus  
Macdonnell. The horses were well  
spread out at the quarter-mile mark,  
but the finish was close.

Children's Half-mile Horse Race, un-  
der 16 years. 1st prize, \$7; 2nd, \$5; 3rd,  
\$3. Five entered.—1, Alfie Johns; 2,  
Angus Fisher; 3, Joan Tallyour. A  
good race.

Half-mile Consolation Horse Race.—  
Postponed in order that tent pegging  
might be completed before dark.

Tent Pegging. 1st prize, case motor  
oil, presented by Union Oil Co.; 2nd,  
\$5; 3rd, \$3.—The preliminaries to this  
event had been run off in the morning,  
hence six finalists competed for the  
prizes. 1, G. D. Cameron; 2, H. V.  
Acland. Messrs. Thompson, Davy and  
Berard tied for third place with the  
result that the third prize was evenly  
divided among the three.

The jumping, which was held during  
the afternoon while other events were  
going on at the track, brought forth  
keen competition. The results follow:

High Jump, boys, open. Seven en-  
tered.—1, Ted Beech, Salmon Arm; 2,  
F. Burr; 3, H. Bowser. Height: 5 feet,  
3/4 ins.

High Jump, girls, open. Five entries.  
—1, Brenda Carruthers; 2, M. Vye,  
Salmon Arm; 3, A. Urquart, Salmon  
Arm. Height: 3 ft., 11 1/2 ins.

Broad Jump, boys under 14. Ten en-  
tries.—1, G. Kennedy, Salmon Arm;  
2, D. Todd; 3, J. Gordon. Distance: 15  
ft., 3 1/2 ins.

High Jump, boys under 14. Five en-  
tries.—1, G. Kennedy; 2, D. Todd; 3,  
B. Hayman. Height: 4 ft., 5 1/2 ins.

High Jump, girls under 14. Five en-  
tries.—1, Margaret Charleton; 2, A.  
Urquart.

Broad Jump, boys, open. Seven en-  
tries.—1, Ted Beech; 2, L. Maranda;  
3, J. Beech. Distance: 17 ft., 6 1/2 ins.

### LIST OF EXHIBITION AWARDS

The full list of awards will appear  
in next week's issue.

SHE (to bank manager): "I want to be a customer of yours."  
BANK MANAGER: "You mean you'd like to bank with us?"  
SHE: "Well, what I really want is to borrow some money."

Please do not ask for credit on these advertisements, as the cost of printing and collecting them is quite out of proportion to their value. No responsibility accepted for errors in advertisements received by telephone.

## FOR SALE—Miscellaneous

**FOR SALE—PEONIES.** Now is the time to plant peonies. I have a very fine collection to choose from grown right here in Kelowna. So you have no duty or express to pay. Peonies, besides being the most economical plants to buy, produce one of the most beautiful flowers. No garden is complete without peonies. Get this collection: two red, two white and two pink, for \$5. I will be pleased to quote you on any variety that I have. F. R. E. DeHart.

## Local and Personal

Mr. E. S. Williams left today by Canadian National for Vancouver.

Hon. J. W. Jones returned last week from a trip to Regina and other prairie points.

Harry Weatherill, Jr., entered the Royal Bank of Canada this week as junior clerk.

Mr. and Mrs. Jack Ladd returned on Saturday from their honeymoon trip to Banff and Calgary.

Mr. Gordon Stevenson, who had been visiting friends here, returned on Sunday to his home in Nelson.

Miss Molly Harvey, of Eugene, Ore., is visiting her sister-in-law, Mrs. George Harvey, for a few weeks.

Mrs. Harvey Brown, of Armstrong, is visiting her parents, Mr. and Mrs. W. Sturtridge, Bernard Avenue.

The Kelowna Women's Institute announced last night that in the draw for a bedspread conducted by that organization, No. 41 is the winner.

It was announced last week that the I.O.D.E. would hold a bridge at the Willow Inn tonight at 8 o'clock. This has been postponed until further notice.

Mr. Kenneth Shepherd left on Monday by Canadian National for Sidney, Vancouver Island, having been transferred to the Sidney branch of the Bank of Montreal.

Miss G. E. Panrucker, of Penhold, Alberta, joined the staff of the local branch of the Royal Bank of Canada this week. Miss Panrucker is the niece of Mrs. P. A. Lewis, of Glenmore.

Mr. and Mrs. V. D. Lewis left on Tuesday by motor car for New Westminster, following the sad news of the death of Mr. Lewis' mother, which occurred at the Royal City on Monday.

Mr. T. D. Pattullo, Liberal leader in the Provincial Legislature, will attend a meeting of the South Okanagan Liberal Association in the Board of Trade Room on Wednesday, October 9th, at 1 p.m.

President E. J. Chambers and Mr. D. McNair, of the Associated Growers of B. C. Ltd., Vernon, were guests of the Rotary Club at their regular weekly luncheon, held in the Royal Anne Hotel on Tuesday.

After beautiful weather since the last heavy rain, the smoke pall is once more in evidence today, having drifted up from the south-west. It is apparent that the bush fires on the summit between Okanagan and Nicola, back of Summerland, have sprung up again, not having been extinguished completely by the rainfall.

A Chest Clinic will be held by Dr. A. S. Lamb, Travelling Provincial Health Officer and Tuberculosis Specialist, at the Kelowna Hospital on Monday, Tuesday and Wednesday next, October 7th, 8th and 9th. Consultations at these clinics are free. Any persons wishing to have an examination should make arrangements through their family physician.

The annual general meeting of the Kelowna and District Horticultural Society is scheduled for the Board of Trade Hall on Friday afternoon, October 11th, at 3 p.m. In connection with the meeting, it has been arranged to hold an exhibition of roses, a prize having been donated for the best three blooms. Judging will be done by a vote of non-exhibitors at the meeting.

The choir of St. Michael and All Angels gave a delightful concert last Thursday evening at Oyama in aid of the Oyama Church building fund. There was a large audience and every item was thoroughly appreciated, full choruses, boys' solos, men's solos and sea chantees all coming in for their share of applause. The local branch of the W. A. enterta: d the songsters after the concert.

Results of the Kelowna Fall Fair popularity contest were announced yesterday afternoon at the exhibition grounds. Miss Clara Guidi, of Combermere, Ltd., won first place, Mrs. Ellen Holland, of the Kelowna Mercantile Exchange, packing house, at Rutland, took second place, and Miss Ella Cameron, of B.C. Fruit Shippers, Ltd., won third prize. Three prizes of diamond rings valued at \$200 were awarded to the winners yesterday. The competition was keen throughout, and excited considerable interest.

Members of the Canadian Club, and those who contemplate joining but have not yet secured membership cards, are reminded that Mr. Lawrence J. Burpee, F.R.G.S., F.R.S.C., Secretary of the International Joint Commission, Ottawa, will address the Kelowna Canadian Club on Friday, October 11th. Mr. Burpee is on his way to Japan to attend the meeting of the Institute of Pacific Relations at Kyoto. His subject will be "The work of the International Joint Commission." As members of the Canadian Club only will be privileged to hear Mr. Burpee's address, those who wish to become members should get in touch with Mr. E. W. Barton, Honorary Secretary, or members of the Executive.

Nearing the end of the third week of the drive being conducted by the Kelowna Women's Institute to raise \$1,500 with which to purchase an ambulance for the city of Kelowna, slightly over \$400 has been secured to date. Yesterday a cheque was received from Mr. Thomas Bulman, of Vernon, for \$25, an out-of-town voluntary contribution which was greatly appreciated. If similar individual donations will be forthcoming from the citizens of this city, it would no longer be said of Kelowna that it is "the only town in the valley lacking ambulance service." If the campaign for funds is to close on October 15th as planned, over a thousand dollars must be raised within two weeks. Individual amounts, no matter how small, will help to give to this city a vehicle especially designed for the conveyance of emergency cases to the hospital.

## OBITUARY

The death occurred at Cawston, B. C., on September 21st, of Mr. William J. Dimmett, following a lingering illness.

The late Mr. Dimmett was born at Whitby, Ontario, 77 years ago. As a young man he moved to Toronto, where he became active in public affairs, helping to organize the Toronto Milk Producers Association, and was chairman of the North Toronto School Board. In 1908, Mr. Dimmett and his family moved to Indian Head, Saskatchewan, where he was a successful farmer, lending his support to the promotion of the co-operative movement among the wheat growers. Moving to Cawston in 1920, where he was destined to spend the remainder of his days, he was also a member of the Board of Trade.

He leaves to mourn his loss his wife and a daughter, Elizabeth, at home; his son, Allan, at Kelowna; a brother, John, of Beeton, Ontario; and one sister, Mrs. Allison, of Orangeville, Ont. A son, Percy, predeceased him in 1920. The funeral service, conducted by the Rev. Field Yeomans, was held at the family residence in Cawston.

## EXPERIENCE OF AMATEUR TRAMP PUT TO USE

LONDON, Oct. 3.—A. Shepherd, member of Parliament for Darlington, who personally investigated the treatment of tramps and the casual unemployed by assuming the role of a down-and-out himself, has been appointed Labour's representative on a Government committee which will investigate the laws governing relief for the casual poor.

## BRITISH PREMIER MAY BE HEARD LOCALLY ON RADIO

VANCOUVER, Oct. 3.—Premier MacDonald's address before the Council of Foreign Relations at New York on Friday, October 11th, will be broadcast at 9 p.m., New York time. This means that local radio fans should be able to tune in on the National Broadcasting Company's hookup at 6 p.m., Vancouver time.

## MABEL NORMAND VICTIM OF TUBERCULOSIS

LOS ANGELES, Oct. 3.—Mabel Normand, once famous star of motion pictures, has reached a critical stage in her fight against tuberculosis, her physician, Dr. Francis M. Pottenger, announced today. She is a patient in a sanitarium at Monrovia, Cal.

## UNITED STATES SENATE FLOUTS THE PRESIDENT

WASHINGTON, Oct. 3.—The Senate yesterday ran counter to the wishes of President Hoover and adopted by a vote of 47 to 42 the Democratic plan restoring to Congress the power to enact emergency tariff rates now enjoyed by the executive.

## MUSICAL APPRECIATION IN CHILDREN

Children have far more appreciation of music than grown-ups imagine, according to a well-known Canadian music teacher.

"I really can't remember when I first began to love music," she says, "or when I first began to compose, for as a child I used continually to make up little songs and sing them to father, who would write them down for me in a note-book."

"Of course, composing is my chief joy, but I haven't time to do much of that in the winter, as I am teaching then most of the day. And in the years I have been teaching I have only discovered two absolutely unmusical persons. Almost everybody in the world is musical to a certain degree. Especially children. Many more children than we realize are constantly composing little themes and humming them to themselves, and some of these little themes are really exquisite fragments."

Mr. Jermain Hunt left today by Canadian National for Montreal, where he will meet Mrs. Hunt on her return from a visit to the Old Country.

Commencing this evening, special harvest thanksgiving services will be held in St. Michael and All Angels' Church. Tonight, beginning at 8 p.m., Garrett's Harvest Cantata for boys' voices and full chorus will be sung. Well known hymns are interspersed throughout the work, to be sung by the congregation. The Festival will be continued on Sunday next, when the church will be decorated and special music will be rendered.

During the early hours of yesterday morning two thefts took place in the Exhibition Building, a Radiola radio being taken from the booth of C. V. Cune and a victrola consolette phonograph from the booth of the Kelowna Furniture Co. Civic, provincial and R.C.M. police collaborated in investigation of the matter and, as the result of some smart work, the missing machines were located and recovered the same day. While there is no direct evidence against any one at present, it is understood that at least one suspect will have to face the Police Magistrate.

According to present indications, soccer will hold a strong position in public school sports this year in Kelowna and district. Four teams will battle for major honours when on October 4th, the date set for the opening games, the home teams, Kelowna and Rutland, will engage in their first battle as will East Kelowna and Mission Creek. All games will start at 4 p.m. sharp, and a complete schedule will be published at a later date. The second half of the schedule will be played after the new year, when it is hoped that playoffs may be arranged with the Penticton and Vernon district teams.

## COGENT REASONS FOR BUYING B. C. PRODUCTS

(Continued from page 1)

flocks and herds may graze and fatten; and a climate and soil to gladden the heart of fruit-grower and gardener. "Natural advantages such as these, linked with national freedom, government, an outstanding educational opportunities, insure the development of hardy and intelligent children, physically and mentally fitted to carry on the work of construction. "For these, our citizens of tomorrow, we must build, making it possible for them to remain in their own country, so that Canada may benefit by their training and ability.

"But we cannot create employment for them by exporting our raw materials, and later buying them back in the form of costly manufactured articles. Neither can we extend our farming areas by buying imported fruits and vegetables, butter and eggs. Nor can we build factories, if we persist in being swayed by flamboyant advertisements that extol the merits—real or supposed—of foreign manufactures.

"It is the part of wisdom for us to fashion our raw materials into finished products and to stock the domestic market with home-made articles. Then our country will no longer be a dumping-ground for the surplus from alien industry. Then, too, we shall be self-supporting, and need fear no adverse tariff.

## Patronize Home Industry

"We must develop the industries already established, and encourage the introduction of others. Foreign manufacturers, wishing to build factories within our borders, are entitled to our generous support. Policy alone counsels thus. For instance, the far-famed British textiles had their origin in the work of Flemish craftsmen who settled there; and many of America's flourishing manufacturing firms bear alien names. But our taxes are not paid, nor our schools and roads maintained, by producers in other countries who make a bid for our patronage by means of wide-spread advertising and high-pressure salesmanship.

"To foster industrial growth, we must patronize home industry to the fullest extent. In the last analysis, this development depends upon the individual purchaser—whether she buys an article of local manufacture, or an imported one.

"Here the question of quality arises. Our local products will command our consideration only on a quality basis. We must furnish commodities equal to—or better, if possible—and at competitive prices.

## B.C. Makes 1,070 Articles

"There are 1,070 distinct articles manufactured in British Columbia—articles ranging from food products to building materials. Each of them is prepared with the idea in view that it must be of at least equal merit to compete with importations.

"Yet the amount of money spent on imported products is unreasonably great. During the fiscal year ending March 31st, 1929, Canada's purchases from the neighbor to the south reached the amazing total of nearly \$885,000,000. Of this, our province, in proportion to its size, contributed an appallingly large share.

"In no case, perhaps, is the absurdity more glaring than in regard to our B. C. fruits and vegetables. Their high quality is beyond dispute. Blue ribbons, cups and medals—won in international competitions—prove this. Yet, in the past year, while our fruit-growers were clamoring for a market, we imported into our province canned fruits and vegetables, jellies and jams, and evaporated fruits, to the value of more than \$1,800,000.

"And all because, when making a purchase, we do not stop to consider: 'Where was this article grown, made, or packed? Will this purchase, however small, benefit some producer or workman in British Columbia?'

"For instance, consider a tin of milk. If it is packed in our province, it is of benefit to: The farmer, the manufacturer, the can manufacturer, the label printer, the box factory—and all the hundreds of employees named in these operations. When you buy imported milk, the only benefit derived is the small profit gleaned by the wholesale and retail dealers.

"The same is true of each and every article we import. Clearly, the future of British Columbia—and of Canada at large—cannot be established on foreign goods.

## B. C. Products Are Good

"Although tea is not grown in Canada, the several locally-packed brands are well entitled to be classed as B. C. products, as the blending and packing of this commodity provide constant employment for a considerable number of men and women.

"The same applies to coffee, spices and flavouring extracts. All the above are equal in quality to any, and better than most, imported packs.

"The five brands of baking powder manufactured in British Columbia are of the non-alum content—classification. The Food and Drug Act of Canada requires a test for gas content, and the ingredients must be harmless to health.

"Our local baking powders pass the highest tests. The ingredients are purchased from the recognized standard makers. A better powder could not be produced.

"There are approximately sixteen packers of jams and jellies in the province, and the strongest recommendation I can offer is the fact that during the past year, ending March 31st, 1929, the importation of foreign-made jams and jellies was 30 per cent less than during the previous year, proving that we are winning our market on a high-quality basis, against the competitors.

## Women's Organizations Helpful

"In conclusion, I must tell you that the greatest help to our work—the interest shown by our women's organizations. You represent and control approximately eighty per cent of the total purchasing done; and your conversion to the value of home-trading is all that would be required to make British Columbia—and Canada—stand forth as an industrial giant among nations."

## THE CORPORATION OF THE CITY OF KELOWNA

## Traffic Regulations

The City Police have been instructed to enforce strictly the following traffic regulations:—

Every person driving or operating, between the hours of eight o'clock in the forenoon and five o'clock in the afternoon on any day on which school is regularly held, a motor-vehicle on any highway in the vicinity of a school, shall slow down to a maximum speed of ten miles per hour while in the vicinity of such school.

Where a "STOP" traffic regulation sign has been placed on a street, no person shall pass such sign without first bringing his motor, vehicle or animal to a dead stop.

No truck or other vehicle exceeding fourteen feet in length shall be parked on Pendrozi Street or Water Street between Mill Avenue and Eli Avenue, or on Lawrence Avenue between Water Street and Pendrozi Street.

No horses or other animals, or vehicles drawn by horses or other animals, shall be parked on Bernard Avenue between Abbott Street and Ellis Street, on Water Street between Mill Avenue and Eli Avenue, or on Pendrozi Street between Mill Avenue and Eli Avenue, said parking spaces being reserved for automobiles and motor trucks.

No vehicle shall be parked opposite the Post Office for a period exceeding five minutes.

Where guide lines for the parking of vehicles have been painted or otherwise marked on any street, all vehicles shall be parked clear of and between such lines.

No automobile or other vehicle or horse or other animal shall be parked, tied or left standing on any lane or alley within the First Class Fire Limits of the City of Kelowna.

Kelowna, B. C., September 25th, 1929. G. H. DUNN, City Clerk.

## GREEN TEA ROOMS FOR SALE

## Insurance

As the cold nights of fall will soon be with us, the danger of fire to HOME and INDUSTRY increases.

Fires in heating stoves and furnaces will soon be started. Make sure that all stovepipe connections in your home are not defective and chimney flues are cleaned NOW.

The intelligent and cautious property owner will not fail to be amply protected by Fire Insurance. WILL YOU? REMEMBER! There is never an hour in the day or night but that, somewhere in Canada, a home, church, school or industry is being destroyed by fire.

Fire Insurance has saved many an industry from ruin, many a family the humiliation of being victims of the worst form of poverty—Respectable Recipients of Charity.

### EMBARRASSING MOMENTS

The Penticton Herald has pointed out editorially that "Penticton is about to get a fine new court house." Tenders submitted by contractors range from \$22,728 to \$27,000 and, according to plans, the building will contain a large court room, government offices, jail cells and other facilities. Says the Herald: "In the meantime, Penticton carries on with a provincial court room about the size of a hen coop. If a

dozen persons enter it, the room is overcrowded." The Herald recommends the building of a new structure at Penticton—one that would cost in the neighbourhood of \$100,000. Kelowna is lacking in office, court room and other government facilities to a greater extent than Penticton.

Don't go hunting until you are acquainted with the game laws.

### FOR RADIO AMATEURS

#### N.B.C. Programme For The Week Of October 6th to October 12th

(N.B.—In addition to the programmes of the National Broadcasting Company, a few KGO items are given which are denoted by the initials of the latter station. The N.B.C. broadcasts are made through six stations on the Pacific Coast, as well as in the Eastern and Central States, but not all the stations broadcast the same matter simultaneously, as some occasionally substitute a programme of their own. When reception is poor from the first station tuned in, try the others, but do not be disappointed if you fail to receive the N.B.C. programme from some of them. The six stations are as follows: KOMO, Seattle; KHQ, Spokane; KGW, Portland; KGO, Oakland; KPO, San Francisco; KFI, Los Angeles.)

Sunday, October 6

2.30 to 3.30 p.m.—Special Philco programme.  
3.30 to 4 p.m.—"Whitall Anglo-Persians."

### WINNER OF BRITAIN'S TOURIST TROPHY CHAIRED

More than one hundred thousand people saw the most exciting road race ever held in the British Isles when J. P. Potts, riding a Grindley Peerless motorcycle, won the Senior Tourist Trophy in the Isle of Man at an average speed of 66.25 m.p.h. The course is over mountain ridges and down steep valleys for some two hundred miles, and contains some of the most dangerous hairpin bends possible. The winner (Potts), is seen above being chaired after winning the race.

tions from "Robin Hood" (DeKoven).  
7.30 to 8.30 p.m.—"Standard Symphony Hour."

Orchestra: Overture, "Tancrède" (Rossini), "Libeslud" (Kreisler), Intermezzo, "Jewels of the Madonna" (Wolf-Ferrari), "Chanson Triste" (Tchaikovsky), "Marche Slav" (Tchaikovsky), "Over the Hills and Far Away" (Grainger), March of the Little Soldiers (Pierne), "A Musical Snuff-Box" (Liadow), "Ride of the Valkyries" (Wagner), "Traume" (Wagner), "Pomp and Circumstance" (Elgar).  
8.30 to 9 p.m.—"Max Dolin and His Klyctoneers."  
9 to 9.30 p.m.—"Memory Lane."  
10 to 11 p.m.—"NBC Green Room."  
11 to 12 p.m.—"Musical Musketeers."

Friday, October 11

6 to 6.30 p.m.—"Interwoven Pair."  
6.30 to 7 p.m.—"Philco's Theatre Memories."  
7 to 7.30 p.m.—"Armstrong Quakers."

Ensemble, "Lady Be Good" (Gershwin); Soprano Solo, "Winds in the South" (Scott); Orchestra, Cuban Serenade, "Suite of Serenades" (Herbert); Quartette, "Lonely Troubadour" (Klenner); Orchestra with Guitar Interludes, "Song of the Islands" (King); Quartette, "Come to Face" (Martin); Soprano and Contralto Duet, "Slumber Boat," Orchestra, "Lonesome Little Doll," Ensemble, "Riff Song" (Romberg).  
7.30 to 8 p.m.—Armour programme.  
8 to 9 p.m.—"RCA Hour."  
9 to 9.30 p.m.—"L'Arlesienne" (Bizet); Contralto Solo, "Call of the Old Mission Bells" (Dolin); Orchestra, "Les Cloches de St. Malo" (Rimmer); Tenor Solo, "The Call of the Open Sea" (Moore); Orchestra, "Valse

### FASHION FANCIES

FASHION LOOKS ON THE ROSY SIDE

Fashion peeks through rose-coloured glasses this season, for some of the most beautiful clothes to be shown next month are of that delectable shade. Satin in a particularly beautiful rose beige shade is a popular medium with the stylists and designers who influence the mode.

The dress depicted here is fashioned of a soft beige rose satin, that is becoming to both blondes and brunettes. Important features of this frock are the line. The skirt is two-tiered with irregular decolletage and the high waistular circular panels which fall in great length, almost touching the floor on both sides. The classical lines of this dress are unusually becoming.

## A Thought On Trusts THE LIVING TRUST

One of the most useful, interesting and helpful functions of our service is "the living trust." This modern and highly satisfactory method of making definite provision for certain purposes merits your thorough consideration.

The idea is exceedingly flexible and takes many different forms, depending on the purpose each individual wants to accomplish. One man created a living trust for his wife. This gives her a regular income on which she can definitely plan to run her household. This man knows that regardless of any reverses which may overtake his business, he need not ask his wife to lower the standard of living to which she has been accustomed.

Another man wanted to get away from all his business cares for two years. Through a living trust, all his affairs are looked after, such as income from securities and rentals, payments for insurance, taxes and club dues, and regular allowance checks are sent to his dependents. A trust of this kind can be made complete, or one can reserve certain functions for himself. It can be made for a period of six months, a year or a lifetime.

Other men use the living trust to establish a fund to educate a son, to give a married daughter an independent income, or to endow an educational or charitable institution.

In fact, there are as many different kinds of living trusts as there are needs along this line.

A conference about any idea you may have in mind will be strictly confidential and will not imply any obligation on your part.

## "The Last of Mrs. Cheyney"

With  
BASIL RATHBONE, HERBERT BUNSTON, GEO. BARRAUD  
From the play by Frederick Lonsdale  
Through the upper crust of London's swankiest society crashes the mysterious and charming Mrs. Cheyney, leaving a trail of broken hearts and vanished jewels. Here is beautiful Norma Shearer's finest screen role. The Lonsdale play that ran eight months on Broadway makes a perfect vehicle for the talents of the fascinating star.

### THE ART OF ACCOMPANIMENT

It is surprising the number of quite  
capable solo pianists who are unable  
to accompany a singer. Even when ac-  
companiments to songs were easy and  
little better than vamping exercises,  
this was the case. Nowadays, when the  
accompaniment is considered as im-  
portant as the voice line this disability  
is intensified.

When all is said and done, the ac-  
companist must be a better musician  
than the solo pianist. He must be ad-  
aptable and capable of transposing any  
song at a moment's notice. He must  
enter fully into the spirit of the work,  
anticipating every inflection of mood  
on the part of the soloist.

Say what you will about the postage  
stamp, it sticks to one thing till it gets  
there.

### TWENTY YEARS AGO

(From the files of "The Kelowna  
Courier")

Thursday, September 30, 1909

"Rain, rain and buckets of it. More  
has fallen in the past ten days than in  
the previous six weeks, and there will  
be no more dust this year. While possi-  
bly a little damage will be done to  
second crops of hay that farmers have  
been late in garnering, on the other  
hand the moisture will do much good in  
fertilizing the soil for fall ploughing, and  
in other directions, and few people  
will be found to grumble."

An enquiry was held on Sept. 27th  
by Chief Boiler Inspector Peck and In-  
spector Downing in regard to the mis-  
hap which wrecked the engine in the  
city power house on August 21st. The  
inspectors made a thorough examina-  
tion of the power house and machinery  
and heard a number of witnesses.

At the conclusion of the proceedings,  
Mr. Peck gave a summing up of the  
circumstances but said that an official  
decision could not be issued until a blue  
print of the plant as installed was avail-  
able for study. The accident, he stated,  
had evidently been caused by water,  
either coming back from the condenser,  
coming in from the exhaust pipe, going  
into the condenser through the pipe  
from the pumps, or through the valve  
on the end of the discharge being par-  
tially closed. There were thus four  
ways in which the accident could have  
happened, and he thought that they  
were four too many and that none of  
them should be possible. The plant  
should be so arranged that a little slip  
of memory would not wreck it, and it  
was not a good plan to have too many  
devices relying on close attention for  
their proper operation. All people  
forgot things at times, and the human  
factor had to be reckoned with. Acting  
on his own responsibility, he would  
have done the same as Mr. Crowe (as-  
sistant engineer in charge when the  
breakdown occurred) had done, al-  
though he might not have shut down in  
the same way. So far as he could re-  
member the evidence, he did not think  
Crowe was to blame one particle.

### CANADIAN BANK CLEARINGS

Canadian bank clearings for the first  
ten months of 1928 were \$19,882,000,000  
as compared with \$15,919,000,000 for  
the same period in 1927.

VILLAGE DESERTED BY JEWS AFTER ARAB ATTACK

Mekore Chain stands deserted and alone, except for the British outpost placed there to warn of approaching Arab bands. After Moslem raids the Jewish inhabitants of this suburb of Jerusalem fled to the mother city.

### FINE PIECE OF ACTING BY NORMA SHEARER Canadian Star Cleverly Fills Title Role Of "The Last Of Mrs. Cheyney"

Charles "Buddy" Rogers and Marian  
Nixon will appear in "Red Lips" at the  
Empress Theatre on Friday and Satur-  
day. Rogers and Miss Nixon make an  
excellent team and the picture is one of  
the best in which the two stars have  
appeared.

"The Last Of Mrs. Cheyney"  
Norma Shearer in "The Last of Mrs.  
Cheyney," her latest production, brings  
to the Empress Theatre screen in su-  
perb fashion on Monday and Tuesday  
one of the most surprising and enter-  
taining heroines of present-day drama.  
The plot deals with an aristocratic,  
sophisticated and thoroughly charming  
lady crook, who hoodwinks the elite of  
British society into accepting her as  
one of their own number solely that  
she may make them her victims. She  
works in connection with a gang, the  
head of which is her suave butler, a  
part most ably played by George Bar-  
rand.

While a house-guest at the home of  
one of the nobility, her underworld con-  
nections and activities are accidentally  
discovered by Lord Dilling, who has  
already lost his heart to her. Shocked,  
but still enamoured, he uses his influ-  
ence to force his attention upon her.

Then comes the surprising denoue-  
ment of the play. Mrs. Cheyney proves  
that pride and honour sometimes rank  
very high as attributes of lady crooks;  
the tables are turned and she still comes  
off the victor of the situation. How  
she does it and how Lord Dilling, still  
very much her admirer, wins her heart  
and does away with Mrs. Cheyney by  
making her Lady Dilling, is romantic  
and entertaining to a degree to please  
the most exacting.

Basil Rathbone, recruited from the  
stage, plays the difficult role of Lord  
Dilling in finished style. As Mrs.  
Cheyney, Norma Shearer is fascinat-  
ing. The Canadian girl has an intrigu-  
ing personality and her interpretation  
of the role has never been more ably  
presented by the leading actresses of  
the legitimate stage.

"Cheyenne"  
A motion picture that was evidently  
constructed with but three prime ideas  
in mind is "Cheyenne." The three can  
be tabbed. The first is speed, the sec-  
ond thrills and the third first-class en-  
tertainment, and all three together  
make "Cheyenne." Ken Maynard's lat-  
est First National western feature,  
which comes to the theatre on Wednes-  
day and Thursday. The picture starts  
and ends with a rodeo, which is char-  
acteristic of the photoplays. Maynard  
usually appears in.

### EMPIRE TRADE

During the fiscal year ending March  
31, 1928, Canada bought merchandise  
to the value of \$249,080,052 from var-  
ious parts of the British Empire. Of  
this amount, \$185,888,581 was spent in  
the United Kingdom. During the same  
period Canada sold goods to the value  
of \$499,277,376 to the Empire. The  
United Kingdom accounted for \$410,  
700,005 of this total.

Longer skirts will be worn this fall,  
but the change comes too late to bene-  
fit girls in small towns where crooked  
things never are forgotten.

## OKANAGAN MISSION

There will be Sunday School next  
Sunday, at 10 a.m.

A Jumble Sale in aid of the Parish  
Guild and the Kelowna Hospital will  
be held at the Mission at the end of the  
month. The date will be announced  
later. Will people kindly collect "jum-  
ble" with a view to helping in this sale  
when they are putting away summer  
things, etc.?

Will those who are kindly helping in  
the school campaign please send in the  
money they have collected to Mrs.  
Murdock not later than Sunday, the  
13th, as it has to be in Kelowna by  
noon on the 15th?

At a meeting of the Directors of the  
Women's Institute, it was decided to  
write to Mrs. McGregor, of Penticton,  
and ask her to come to the Mission at  
the end of the month, if possible, the  
24th, and help us to inaugurate our  
Institute here. Details as to this meet-  
ing will be published later.

At the school meeting held on Fri-  
day evening, little new business was  
done. Mr. W. D. Walker was elected  
Trustee and Mr. Middelmas, auditor.  
The water and light questions were dis-  
cussed, with the result that it was de-  
cided to put in the electric light and to  
leave the water system as it is, provid-  
ed the drinking water is pure.

The only new question that arose  
was whether all the High School chil-  
dren from our district were to be paid  
for by the Board, or only those under  
sixteen. As it seemed doubtful whether  
in any case the School Board had the  
right to undertake to pay for those over  
sixteen, the latter course was adopted.  
The total assessment for the coming  
year was set at \$3,350.

### LACK OF CARE MAY SPOIL HONEY CROP

(Experimental Farms Note)  
The chief object in maintaining an  
apiary is to produce a crop of honey;  
this is not usually done simply for the  
fun of doing it but for the revenue that  
can be obtained for the honey after it  
is produced. A crop of honey requires  
labour and expense and for which one  
desires to reap adequate re-  
turns. Unfortunately, however, this  
hope is not always realized, because a  
portion of the crop produced is too  
often allowed to go to waste and the  
labour of producing it receives no re-  
wards. Honey is a perishable article  
and, unless it is properly cared for  
after being harvested, it will soon fer-  
ment and spoil. Save what is produced  
by first allowing all honey to become  
thoroughly ripened before it is removed  
from the bees. Unripe honey quickly  
ferments and spoils, after it is extract-  
ed. Honey that is fully ripened when  
extracted will spoil if stored in unfav-  
ourable conditions. Remember that  
honey contains the necessary elements  
for fermentation and, if kept in condi-  
tions favourable for the growth of the  
ferments, spoilage quickly occurs.

The honey should be extracted,  
strained and canned as soon as possible  
after it is removed from the bees and  
then stored in a cool, dry place. Comb  
honey must be stored in a warm dry  
place to prevent loss. In an apiary  
run for extracted honey, a considerable  
amount of wax is also produced, some-  
times running up into several hundred  
dollars worth. Render the cappings  
and discarded combs at the end of  
the season, or store them so that they  
are safe from rodents or wax moth.  
A little care given to the storage of  
honey or wax may turn loss into gain.

For further particulars write to the  
Central Experimental Farm, Ottawa,  
for Bulletin No. 33.  
C. B. GOODERHAM,  
Dominion Apiarist.

### PACKAGES FOR DRESSED POULTRY

For shipping dressed poultry to mar-  
ket the most popular package is the  
box holding one dozen carcasses. That  
is the opinion of Mr. F. C. Elford,  
Dominion Poultry Husbandman, as ex-  
pressed in Bulletin No. 20 of the De-  
partment of Agriculture at Ottawa.  
Standard boxes are made in different  
sizes so as to pack birds of different  
weights. It is recommended that such  
boxes are used and such packing em-  
ployed as will ensure the birds fitting  
tightly, so as to avoid shifting about  
in the journey to market.

For birds weighing 2½ to 3 pounds  
the inside measurements of the ship-  
ping boxes is 19½ inches by 15½ inch-  
es and 4 inches deep, birds from 3 to  
3½ pounds to be shipped in dozens re-  
quire a box 21½ inches long, 16 inches  
wide, and 4½ inches deep. Large, well  
finished birds weighing 4½ to 5½  
pounds require a box with inside di-  
mensions of 26½ inches by 18 inches  
by 5½ inches.

Whichever of these boxes is used  
should be lined with parchment paper  
and for fancy quality it is well also to  
wrap each bird in this paper. The ap-  
pearance of the birds when the box is  
opened largely determines the prices

### CHERRY GROWER IS LIKEWISE POET

Kaslo Orchardist Puts Fruit Topics  
In Verse

Capt. G. A. West, of Kaslo, who was  
a visitor to Kelowna on Thursday last,  
called at The Courier office and left  
a copy of his "Kootenay Kuts," a little  
book of original rhymes which propos-  
es to tell orchardists "how to grow fruit  
and grow rich." Written in humorous  
verse (as fruit growers will readily agree  
must be the case), the little booklet of  
jingles, which is printed in readable  
type on good quality paper, provides an  
amusing half-hour of light reading, al-  
though, in some instances, metre has  
been sacrificed to "tell the story."

Capt. West is a cherry grower and an  
enthusiastic booster of Kootenay cher-  
ries. As a fruit grower, he has found  
it advisable to attend many of the  
growers' meetings held throughout the  
province, and in the language of the  
poet he has painted a true though car-  
icatured picture of such events. This  
passage is an example:

"Did them bring a two weeks' ration,  
Blankets and their beds as well,  
For just when a growers' meeting  
Will be finished, none can tell."  
The dedication, designed to capture  
and hold interest, runs as follows:  
"This little book I dedicate  
To anyone who will  
Show me the way  
A 'rawnche' will pay  
Or water run uphill."  
Besides satirical poems on ranch-  
ing, Capt. West's 24-page booklet of  
verse deals lightly with out-of-door life  
in the Kootenay. Copies are obtainable  
at Spurrier's.

### FERRY TALES

A young chap unknown to the man  
from Westbank was the latter's only  
companion as the ferry left the west-  
side wharf for the Kelowna dock on  
Saturday afternoon. Old Bill, appar-  
ently, had failed to make connection on  
time as he was nowhere to be seen.  
The man from Westbank was disap-  
pointed; he enjoyed Old Bill's philoso-  
phy despite the fact that it was at  
times irritating.

Deciding to ascertain if the young  
fellow had anything in his system  
worth drawing out, the regular Satur-  
day afternoon commuter approached  
the rail and stood beside him.

"Fine day, isn't it?" he remarked.  
The young man nodded. "Yes," he  
agreed.

"Dandy day on the water too," de-  
clared the man from Westbank, before  
he realized that the assertion, in view  
of his opening remark, was slightly  
inane.

"Yes," said the young chap.  
"Live in Kelowna, do you?" contin-  
ued the questioner, refusing to be dis-  
couraged.

"Yes," said the young chap.  
The man from Westbank produced  
stogies. The young fellow declined  
politely, lighting a cigarette in prefer-  
ence.

"I presume you read The Courier,"  
said the commuter, applying a match to  
his cigar.

"Yes," affirmed the young man.  
"And those confounded 'Ferry Tales'  
—you read those too?"

"Yes."  
"It's an awful line of bunk, isn't it?"

"That writer should come aboard this  
boat some time and pick up some real  
stuff."

The young chap nodded in silent  
affirmation.

"The problems confronting the fruit  
industry get more than their share of  
hot air," continued Westbank's sage,  
"but nothing is said of the social life  
in the Orchard City; very little is said  
of possible industries that should be  
encouraged in Kelowna; a thousand and  
one things which we discuss to great  
length on this boat on Saturdays never  
come to light."

A period of silence followed. The  
boat was nearing the ferry wharf. The  
young man threw away his cigarette.  
"Say," the man from Westbank called  
as the young chap moved away, "do  
you know who writes 'Ferry Tales'?"

"Yes."  
"Who?"  
"I do."

Another voyage was over.

Isabelle Burnada is to give a recital  
with the Toronto Symphony Orchestra  
on Sunday, November 24th, commencing  
at 9 p.m. eastern standard time.  
The concert is to be broadcast by the  
C.N.R. network and by several hook-  
ups in the middle western states.

that they will bring.  
With dressed poultry as with many  
other articles of merchandise the paste-  
board carton is taking the place of  
wooden boxes. Mr. Elford recom-  
mends a carton 6 inches high, 6 inches  
wide and 11 inches long for a 5 or 6  
pound roaster, or two broilers.

### EMBARRASSING MOMENTS

Mr. T. W. Mackenzie, of the Graz-  
ing Lands Department, Victoria, ac-  
companied by Mr. W. H. Browne, of  
Nelson, attended a meeting of Pea-  
chland citizens in the Municipal Hall on  
Tuesday of last week. Mr. Mackenzie  
came to investigate the possibilities of  
stocking sheep on individual orchards  
in the district, and to obtain information  
regarding grazing conditions, etc. A  
committee of three, consisting of Mes-  
srs. L. B. Fuls, R. Harrington and C.  
C. Inglis, was appointed to ascertain  
if local growers would be interested in  
the scheme and, if so, the possibility of  
forming one or more sheep clubs. A  
membership of five is necessary to the  
forming of a club.

A number of people, who have been  
trying to figure out just what a woman  
wishes to indicate when she sticks her  
hand out the car window, will be inter-  
ested in the deduction of a local man  
on the subject. According to him, it  
indicates the glass in the left front  
window has been rolled down.—The  
British Columbian.

"Don't you know that you should  
always give half of the road to a  
woman driver?" asked the police of a  
motorist who came near having a col-  
lision with another car.  
"I always do," replied the man,  
"when I find out which half of the road  
she wants."

### VOLLEY BALL TO MAKE ITS BOW IN PUBLIC

Business Men And Young People Will  
Clash On Monday Night

Many indignant looking countenances were apparent on Bernard Avenue last week, and several travellers complained that business was poor as the local business men were too busy to talk. A sudden change for the better was reported, however, when, after a conference, the business men came around smiling broadly. The gloom followed by a sudden change caused much perplexity, and it was only after many attempts to encourage them to talk that the cause of it all was discovered.

It was this: Apparently, the young men of First United Church had had the temerity to challenge their elders to a volley ball game. Such absurdity was enough to make anyone indignant, hence the stormy atmosphere on Bernard Avenue. However, Harry Bowser called a conference and after serious conference, when it was considered whether it was wise, expedient and dignified to thus lay themselves open to have their unbeaten record (never having yet played a game) broken by the youngsters, Harry Bowser was seen coming from the Royal Anne Hotel with his thumbs in his belt, his fingers dancing on the place which is rapidly disappearing.

When asked the cause of this evident good humour, Mr. Bowser merely winked at Tom Cooper, who dropped a sly eyelid, Leo Brown gave a little cough, S. Simpson said in a sly-like fashion, "Wait and see," and Tommy Griffith said something in Welsh. By sticking around it was gathered that the big fellows had decided not only to accept the youngsters' challenge to a volley ball game, but had determined to meet them on Monday evening next. And in order that they might give the youngsters a lesson they will never forget they decided to invite the public.

This great volley ball derby, Captain Harry Bowser has announced, will commence at 8 p.m. in United Church School, and will be followed by a basketball game between First Church team and the Old Scouts. This should prove a big drawing card and a fine opener for the season. The game of volley ball between the business men and the young people will give the public an opportunity to see this fine game for themselves. Already volley ball has made a decided hit with those who have played it, as it is fast and exciting.

### KELOWNA HIGH WINS FROM VERNON HIGH

Lone Goal Decides Hard-Fought Football Game

(By Kelowna High School Reporter)  
Kelowna and Vernon High Schools clashed at football here on Saturday, in Boyce's field, for the opening game of the season, with the result that the local boys came out winners by the one lone goal of the match. Both sides played clean football and the game was hard-fought, but Kelowna had the edge on the boys from the north most of the time. At the same time, the Kelowna goal was in grave danger two or three times, but the presence of mind of one or two players saved the day by getting the ball away from the threatened citadel in a rush.

The winning goal bounced in off the goal post, completely fooling the Vernon goalie. H. Aitken gets the credit for kicking the counter.

Before the Vernon visitors returned home, they and the Kelowna team enjoyed an excellent lunch in the High School, which some of the girls had very kindly prepared.

The Vernon line-up included E. O'Connell, R. McGraw, E. Gray, L. Lewis, M. Earle, R. Hamilton, R. Dean, J. Prior, H. Cochran (Capt.), B. Lewis and G. James, while the Kelowna team was composed of W. Burnham, D. Reed, E. Cook, J. Treadgold, H. Andison, D. Campbell, M. Apsey, E. Wright, H. Aitken (Capt.), L. Maranda and M. Meikle.

Inter-High School League

The projected Okanagan Inter-High School Football League meets with approval amongst the Kelowna boys. It is to include the High Schools at Kamloops, Salmon Arm, Armstrong, Vernon and Kelowna. It is expected that the playoffs will take place either at Vernon or Armstrong. Each team will play every other team for one period of twenty minutes, and the team that makes the most goals will take the championship. Rumours of a cup to be given for the event ought to strengthen competition.

Well, team! how about bringing that cup to Kelowna?

### REDUCED EXPORT FREIGHT RATES ON GRAIN LAPSE

MONTREAL, Oct. 3.—The reduced export freight rates on grain from Buffalo to the United States, and from Bay ports to Montreal and Quebec in Canada, lapsed on Monday at midnight, and on Tuesday the old rates came automatically into effect, meaning an increase of two cents a bushel in freight charges against Canada's export wheat—another complication in the wheat congestion situation.

A cable from London states that farmers throughout the country are bitterly complaining that German grain is being dumped into Great Britain. English wheat was reported to be absolutely neglected by the millers of Great Britain. Meanwhile, competition in markets usually receptive to Canadian grain is beginning to appear from other grain producing countries.

The tie-up in Canada is virtually complete. Shipping is at a standstill. Officials place the number of vessels tied up at between two hundred and two hundred and fifty, and in many cases their crews are laid off. Elevators from coast to coast are crammed full of grain which cannot be cleared.

The final test of this no-stocking fad will come on December 24th.

### OKANAGAN CENTRE

Mr. Claude Williams, of Penticton, was a guest the past week at the home of his uncle, Mr. K. Venable, leaving on Monday to take a position in Prince Rupert.

Mr. and Mrs. A. C. Pixton, motoring from Medford, Oregon, arrived on Sunday, the 29th ult., for a visit at the home of the former's parents, leaving on Monday last for Wenatchee.

As each year, at this time, the Centre is a very busy place, all available shacks and houses being filled with itinerant pickers and packers, while the packing houses are humming overtime.

Miss Ellen Gled is again enrolled at the U. of B.C., this being her sophomore year.

Inspector Lord made a visit to the Centre school last week.

Mrs. T. A. Gray was in attendance at the conference of the Association of B.C. School Trustees held at Nanaimo the first half of last week, following which she made a short visit at the home of her daughter, Mrs. L. Seaman, in Seattle, returning on Saturday.

The regular monthly meetings of the Women's Institute will be resumed during this month with a session held at the Community Hall on the 10th at 2.30. Miss Stevens, teacher of Domestic Science in the Vernon city schools, will give a talk on "Meats and Pickles" demonstrating the preparation of same.

Mr. and Mrs. J. L. Logie spent several days at Summerland the past week, returning on Monday.

### DEATH LIST GROWS IN TEXTILE MILL RIOTS

MARION, N.C., Oct. 3.—The number of dead as the result of the textile mill riots at Marion was brought up to four today when Luther Bryson, 22-year-old union member, died of bullet wounds in the chest and abdomen. Five others are believed to be dying and ten more are in hospitals. State troops were brought here to quell the disorders.

William Ross, Publicity Manager for the Southern Division of the United Textile Workers of America, stated today that warrants were being prepared charging Sheriff Adkins and Deputy Sheriffs B. L. Bobbins, James Owens, T. M. Green, W. G. Biggerstaff and Alley Stepp with murder.

### ELITE FOUNDATION STOCK SEED

(Experimental Farms Note)  
Registered seed is becoming well and favourably known. Confidence in such seed is well placed, for all seed crops presented for registration in Canada are systematically inspected to determine their suitability. This inspection takes into account, in addition to general quality of crop, the following specific features: pedigree status of seed used, purity of kind and variety, and freedom from disease. No lot of seed is inspected for the grades Registered No. 1, Registered No. 2, or Registered No. 3, until a representative sample of two pounds has been examined for purity, tested for germination, and approved at the District Seed Laboratory. Following this preliminary inspection, each sack of the lot is inspected, sealed and tagged. This procedure, as outlined in the annual report, should be sufficient to brand Registered Seed as being good seed.

Emphasis is placed on the pedigree status of the seed used. Every one who has had any experience as a grower knows that his onions and beets, and everything else in the garden, varies greatly. His "Chantenay" carrots are of several colours, shapes and sizes. He purchased what he thought was good seed, and every one who touched it may have been perfectly honest, but the difficulty arose from the fact that the parentage was unknown, the strain had no pedigree status.

In casting around to obtain desirable strains of vegetable seeds of known parentage a few years ago, seed growers were forced to the conclusion that such foundation seed did not exist in Canada. Hence the Experimental Farms and colleges of agriculture were assigned certain select lists of vegetables, and made responsible for the building up of "elite" seed stocks of these varieties. For the last year or two, all provincial institutions, as well as the experimental farms, have been working with their own strains of vegetables, grown for the production of stock seed.

The list assigned to the Sidney Experimental Station by the Canadian Seed Growers Association was as follows:—

Beans, Kentucky Wonder Long Pod, Cauliflower, Early Dwarf Erfurt, Lettuce, Hanson.

Onion, White Portugal, Peas, Advancer.

Spinach, New Zealand.

The seed, to begin with, was obtained from many seed houses, and the plots of each variety grown were of considerable size. The plants were studied from the standpoint of size, quality, productiveness, etc., and selection made of one plant in each instance. The plant selected was, of course, the best one found, at least from our standpoint. The seed arising from this selection has been sown, and "elite" stocks are being built up for distribution among seed growers as soon as possible. The studying of thousands of plants, in order to obtain one only for its seed, is a job which requires time and patience. Such seed must of necessity be expensive, but is the foundation on which our new business of seed production must rest.

E. M. STRAIGHT,  
Superintendent,  
Dominion Experimental Station,  
Sydney, B.C.

Elwood Haynes is generally credited with building the first American automobile in 1893.

### TYPISTS BATTLE AT TORONTO FOR WORLD'S CHAMPIONSHIP

For the first time in twenty-five years the annual world's typewriting championship contest took place in Canada, when "speed merchants" from practically every state across the border and every province in the Dominion met in a battle of fingers over keys at Toronto, on September 28th. The picture, which ante-dates the event, shows Albert Tangora, of Patterson, N.J., world's champion professional typist, warming his skilled fingers on

a standard machine while seated astride the space bar of the giant typewriter on which he wrote an invitation recently to the Governor-General to attend the typing speed classic. Top left is Irma Wright, of Toronto, world's amateur champion typist, and below is Louise Marchesse, of Vancouver, champion typist of the Dominion.

Press dispatches on the subject do not mention the fate of the young ladies, who presumably defended their

honours, the only result given out being that Tangora lost out to George Hossfield, also of Patterson, N.J., former world's champion, who regained his title by an average of four words a minute more than Tangora. Hossfield struck the keys 41,697 times for 8,339 gross words, and he had twenty-one errors, for which he was penalized 210 words. His average was 135 words a minute as against 131 for Tangora.

### BERENGARIA SLOWS DOWN FOR RAMSAY MACDONALD

S.S. BERENGARIA, at Sea, Oct. 3.—For what was said to be the first time in her career, this liner was slowed down on her westward passage today. The ship threatened to arrive in New York too early to fit in with the ceremonial programme arranged for the reception of Prime Minister Ramsay MacDonald of Great Britain. Captain Sir Arthur H. Rostron therefore ordered that the rate of steaming be adjusted to bring the Berengaria to quarantine at 6 a.m. on Friday.

### KELOWNA FRUIT AND VEGETABLE SHIPMENTS.
